Laurie,

Thanks again for the help and call. Per your email and our call here is the information you requested.

- all of the old plaster and lath will be removed including the ceiling and new drywall installed.
- all of the original fixtures will be replaced but will remain in the original positions. Tub will become a shower.
- no windows will be replaced

The bathroom is located on the second floor of the house on the Brackett side.

Please email me back if you have any questions and thanks again for the help.

Regards,
Adam

Subject: BP#2015-01604 264 Brackett Street - Plan review comments

Adam,

I am handling the plan review for 264 Brackett Street. Can you please supply the following information in order to complete the plan review:

- It is unclear what the scope of work is. Please label where plaster is being removed and drywall is being installed.
- Are there new bathroom fixtures being installed?
- Provide floor plan layout of unit within building and location of bathroom within unit.
- Are there any windows to be replaced within the existing bathroom?

I will continue with the plan review once I hear back from you with further clarification.

Feel free to call or email with further questions.

Thanks,
