Good Morning,

I met with Jeannie to discuss the project at 966 Congress/244 St. John's St back on 9/8 (at that time, the permit app had already been electronically filed). Per our discussion, she suggested that I revise the permit app to better describe the work—this is attached. She also wanted drawings that included a key plan, wall types and wall sections—these have since been completed and are attached.

Please call with any questions.

Thank you,
 George
