LAND USE - ZONING REPORT

ADDRESS: 28 A Street DATE: 8/10/99

REASON FOR PERMIT: return illegal 5 unit back to legal 4 unit

BUILDING OWNER: Jennifer Rice C-B-L: 64-D-24

PERMIT APPLICANT: Dean Kupstas

APPROVED: with conditions DENIED: _____

#1, #7, #10, #11 CONDITION(S) OF APPROVAL

- 1. This permit is being approved on the basis of plans submitted. Any deviations shall require a separate approval before starting that work.
- 2. During its existence, all aspects of the Home Occupation criteria, Section 14-410, shall be maintained.
- 3. The footprint of the existing _____ shall not be increased during maintenance reconstruction.
- 4. All the conditions placed on the original, previously approved, permit issued on _____ are still in effect for this amendment.
- 5. Your present structure is legally nonconforming as to rear and side setbacks. If you were to demolish the building on your own volition, you will **not** be able to maintain these same setbacks. Instead you would need to meet the zoning setbacks set forth in today's ordinances. In order to preserve these legally non-conforming setbacks, you may only rebuild the _____ in place and in phases.
- 6. This property shall remain a single family dwelling. Any change of use shall require a separate permit application for review and approval.
- 7. Our records indicate that this property has a legal use of four (4) units. Any change in this approved use shall require a separate permit application for review and approval.
- 8. Separate permits shall be required for any signage.
- 9. Separate permits shall be required for future decks, sheds, pool(s), and/or garage.
- 10. This is **not** an approval for an additional dwelling unit. You **shall not** add any additional kitchen equipment, such as stoves, microwaves, refrigerators, or kitchen sinks, etc. without special approvals.
- 11. Other requirements of condition this building shall remain

four units only ~~units~~. To increase the units
A variance appeal would be required

BUILDING PERMIT REPORT

DATE: 6 Aug 99 ADDRESS: 28A Street CBL: 064-D-024
 REASON FOR PERMIT: Interior renovations.
 BUILDING OWNER: Jennifer Rice
 PERMIT APPLICANT: _____ / Contractor Dean Kupstas
 USE GROUP R-2 CONSTRUCTION TYPE 5B

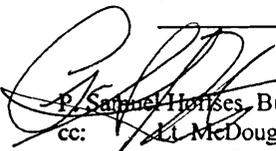

The City's Adopted Building Code (The BOCA National Building Code/1996 with City Amendments)
 The City's Adopted Mechanical Code (The BOCA National Mechanical Code/1993)

CONDITION(S) OF APPROVAL

This permit is being issued with the understanding that the following conditions are met: *1, *9, *11, *12, *13, *15, *16, *19, *28, *29, *30, *32, *33, *35, *31
 Approved with the following conditions:

- *1. This permit does not excuse the applicant from meeting applicable State and Federal rules and laws.
2. Before concrete for foundation is placed, approvals from the Development Review Coordinator and Inspection Services must be obtained. (A 24 hour notice is required prior to inspection)
3. Foundation drain shall be placed around the perimeter of a foundation that consists of gravel or crushed stone containing not more than 10 percent material that passes through a No. 4 sieve. The drain shall extend a minimum of 12 inches beyond the outside edge of the footing. The thickness shall be such that the bottom of the drain is not higher than the bottom of the base under the floor, and that the top of the drain is not less than 6 inches above the top of the footing. The top of the drain shall be covered with an approved filter membrane material. Where a drain tile or perforated pipe is used, the invert of the pipe or tile shall not be higher than the floor elevation. The top of joints or top of perforations shall be protected with an approved filter membrane material. The pipe or tile shall be placed on not less than 2" of gravel or crushed stone, and shall be covered with not less than 6" of the same material. Section 1813.5.2
4. Foundations anchors shall be a minimum of 1/2" in diameter, 7" into the foundation wall, minimum of 12" from corners of foundation and a maximum 6' o.c. between bolts. (Section 2305.17)
5. Waterproofing and dampproofing shall be done in accordance with Section 1813.0 of the building code.
6. Precaution must be taken to protect concrete from freezing. Section 1908.0
7. It is strongly recommended that a registered land surveyor check all foundation forms before concrete is placed. This is done to verify that the proper setbacks are maintained.
8. Private garages located beneath habitable rooms in occupancies in Use Group R-1, R-2, R-3 or I-1 shall be separated from adjacent interior spaces by fire partitions and floor/ceiling assembly which are constructed with not less than 1-hour fire resisting rating. Private garages attached side-by-side to rooms in the above occupancies shall be completely separated from the interior spaces and the attic area by means of 1/2 inch gypsum board or the equivalent applied to the garage means of 1/2 inch gypsum board or the equivalent applied to the garage side. (Chapter 4, Section 407.0 of the BOCA/1996)
- *9. All chimneys and vents shall be installed and maintained as per Chapter 12 of the City's Mechanical Code. (The BOCA National Mechanical Code/1993). Chapter 12 & NFPA 211
10. Sound transmission control in residential building shall be done in accordance with Chapter 12, Section 1214.0 of the City's Building Code.
- *11. Guardrails & Handrails: A guardrail system is a system of building components located near the open sides of elevated walking surfaces for the purpose of minimizing the possibility of an accidental fall from the walking surface to the lower level. Minimum height all Use Groups 42", except Use Group R which is 36". In occupancies in Use Group A, B, H-4, I-1, I-2, M and R and public garages and open parking structures, open guards shall have balusters or be of solid material such that a sphere with a diameter of 4" cannot pass through any opening. Guards shall not have an ornamental pattern that would provide a ladder effect. (Handrails shall be a minimum of 3e4" but not more than 38". Use Group R-3 shall not be less than 30", but not more than 38".) Handrail grip size shall have a circular cross section with an outside diameter of at least 1 1/4" and not greater than 2". (Sections 1021 & 1022.0) - Handrails shall be on both sides of stairway. (Section 1014.7)
- *12. Headroom in habitable space is a minimum of 76". (Section 1204.0)
- *13. Stair construction in Use Group R-3 & R-4 is a minimum of 10" tread and 7 1/4" maximum rise. All other Use Group minimum 11" tread, 7" maximum rise. (Section 1014.0) See attached
14. The minimum headroom in all parts of a stairway shall not be less than 80 inches. (6'8") 1014.4
- *15. Every sleeping room below the fourth story in buildings of Use Groups R and I-1 shall have at least one operable window or exterior door approved for emergency egress or rescue. The units must be operable from the inside without the use of special knowledge or separate tools. Where windows are provided as means of egress or rescue they shall have a sill height not more than 44 inches (1118mm) above the floor. All egress or rescue windows from sleeping rooms shall have a minimum net clear opening height dimension of 24 inches (610mm). The minimum net clear opening width dimension shall be 20 inches (508mm), and a minimum net clear opening of 5.7 sq. ft. (Section 1018.6) See attached
- *16. Each apartment shall have access to two (2) separate, remote and approved means of egress. A single exit is acceptable when it exits directly from the apartment to the building exterior with no communications to other apartment units. (Section 1010.1)

- 17. All vertical openings shall be enclosed with construction having a fire rating of at least one (1) hour, including fire doors with self closer's. (Over 3 stories in height requirements for fire rating is two (2) hours.) (Section 710.0)
- 18. The boiler shall be protected by enclosing with (1)hour fire rated construction including fire doors and ceiling, or by providing automatic extinguishment. (Table 302.1.1)
- X 19. All single and multiple station smoke detectors shall be of an approved type and shall be installed in accordance with the provisions of the City's Building Code Chapter 9, Section 920.3.2 (BOCA National Building Code/1996), and NFPA 101 Chapter 18 &19. (Smoke detectors shall be installed and maintained at the following locations):
 - In the immediate vicinity of bedrooms
 - In all bedrooms
 - In each story within a dwelling unit, including basements
 In addition to the required AC primary power source, required smoke detectors in occupancies in Use Groups R-2, R-3 and I-1 shall receive power from a battery when the AC primary power source is interrupted. (Interconnection is required) Section 920.3.2.
- 20. A portable fire extinguisher shall be located as per NFPA #10. They shall bear the label of an approved agency and be of an approved type. (Section 921.0)
- 21. The Fire Alarm System shall maintained to NFPA #72 Standard.
- 22. The Sprinkler System shall maintained to NFPA #13 Standard.
- 23. All exit signs, lights and means of egress lighting shall be done in accordance with Chapter 10 Section & Subsections 1023.0 & 1024.0 of the City's Building Code. (The BOCA National Building Code/1996)
- 24. Section 25-135 of the Municipal Code for the City of Portland states, "No person or utility shall be granted a permit to excavate or open any street or sidewalk from the time of November 15 of each year to April 15 of the following year".
- 25. The builder of a facility to which Section 4594-C of the Maine State Human Rights Act Title 5 MRSA refers, shall obtain a certification from a design professional that the plans commencing construction of the facility, the builder shall submit the certification the Division of Inspection Services.
- 26. Ventilation shall meet the requirements of Chapter 12 Sections 1210.0 of the City's Building Code. (Crawl spaces & attics).
- X 27. All electrical, plumbing and HVAC permits must be obtained by a Master Licensed holders of their trade. No closing in of walls until all electrical (min.72 hours notice) and plumbing inspections have been done.
- 28. All requirements must be met before a final Certificate of Occupancy is issued.
- X 29. All building elements shall meet the fastening schedule as per Table 2305.2 of the City's Building Code (the BOCA National Building Code/1996).
- X 30. Ventilation of spaces within a building shall be done in accordance with the City's Mechanical Code (The BOCA National Mechanical Code/1993). (Chapter M-16)
- 31. Please read and implement the attached Land Use Zoning report requirements. *See Attached*
- X 32. Boring, cutting and notching shall be done in accordance with Sections 2305.4.4, 2305.5.1 and 2305.5.3 of the City's Building Code.
- X 33. Glass and glazing shall meet the requirements of Chapter 24 of the building code.
- 34. All signage, shall be done in accordance with Section 3102.0 signs of the City's Building Code, (The BOCA National Building Code 1996).
- X 35. This permit does NOT authorize the removal of any bearing (load) walls! IF walls are load bearing a separate permit shall be required with a structural engineers seal on the plans.
- 36. _____
- 37. _____
- 38. _____

RE: 28 A Street

David L. Brandt
49 Main St.
Yarmouth, ME 04096

Dear Mr. Brandt,

This letter is in reference to your client's building at 28 A Street in Portland. It has been brought to my attention that this property is now being used as a 5 family though permits have only been issued to allow 4. Attached, please find a letter to your client from Code Enforcement Officer Mitchell regarding what he believed to be illegal improvements in the basement of the building. Such renovations, done without permits, often do not comply with fire protection and building codes.

Any increased use of the building also violates the Land Use Code in Portland. It is necessary that you apply for a variance to the Board of Appeals prior to April 13, 1992 or agree by that date to dismantle the dwelling unit and bring the entire building into compliance with the Life Safety Code, BOCA Building Code, and Portland Land Use Code prior to April 13, 1992. Failure to do so will result in my referral of this matter to the City's Corporation Counsel for consideration of legal action along with other applicable penalties.

Please advise your client that this is not an authorization to continue the violations until the matter is settled.

Sincerely,

William D. Giroux
Zoning Administrator

That We, THOMAS FULCHER, JR. and MARIE F. FULCHER, both of South Portland, in the County of Cumberland and State of Maine,

in consideration of One (\$1.00) Dollar and other valuable considerations,

paid by FULCHER, INC., a corporation duly organized and existing under the laws of Maine and having a principal place of business in Portland, in the County of Cumberland and State of Maine,

the receipt whereof we do hereby acknowledge, do hereby give, grant, bargain, sell and convey unto the said FULCHER, INC., its successors

and assigns forever, a certain lot or parcel of land

together with the buildings thereon, situated on the southerly side of A Street in the City of Portland, County of Cumberland, State of Maine, and bounded and described as follows:

Beginning at a drill hole on the southerly side of A Street at the northwest corner of the lot of land conveyed by Helen Rose Williams (nee Bonfilieo) to Henry J. Lessard by deed dated July 25, 1935, and recorded in Cumberland County Registry of Deeds in Book 1478, Page 26, said drill hole being distant 102.65 feet from the westerly line of Valley Street, formerly B. Street; thence by A Street S 85° 35' W, 35.93 feet to the projection N 8° 33'E of the outside face of the concrete block foundation of the building on the parcel herein conveyed; thence S 8° 33'W by land of Harry P. Lessard and by said projection to the corner of said foundation and continuing by the face of said concrete block foundation 36.58 feet to a corner of said foundation; thence by land of Harry P. Lessard S 81° 21'E and by the outside face of the concrete block foundation 11.00 feet to a corner of said foundation; thence by land of Harry P. Lessard S 6° 07'W and by the outside face of the concrete block foundation 26.56 feet to a corner of said foundation; thence by land of Harry P. Lessard S 81° 54'E and by the outside face of the concrete block foundation and its projection southeast 23.80 feet to the lot of land conveyed by Carl H. Pedersen to Frederick W.W. Burgess by deed dated July 22, 1946, Book 1831, Page 259; thence by said Burgess land of the grantor herein, conveyed to said Grantor by deed of November 26, 1952, N 8° 35'E, 71.03 feet to the point of beginning.

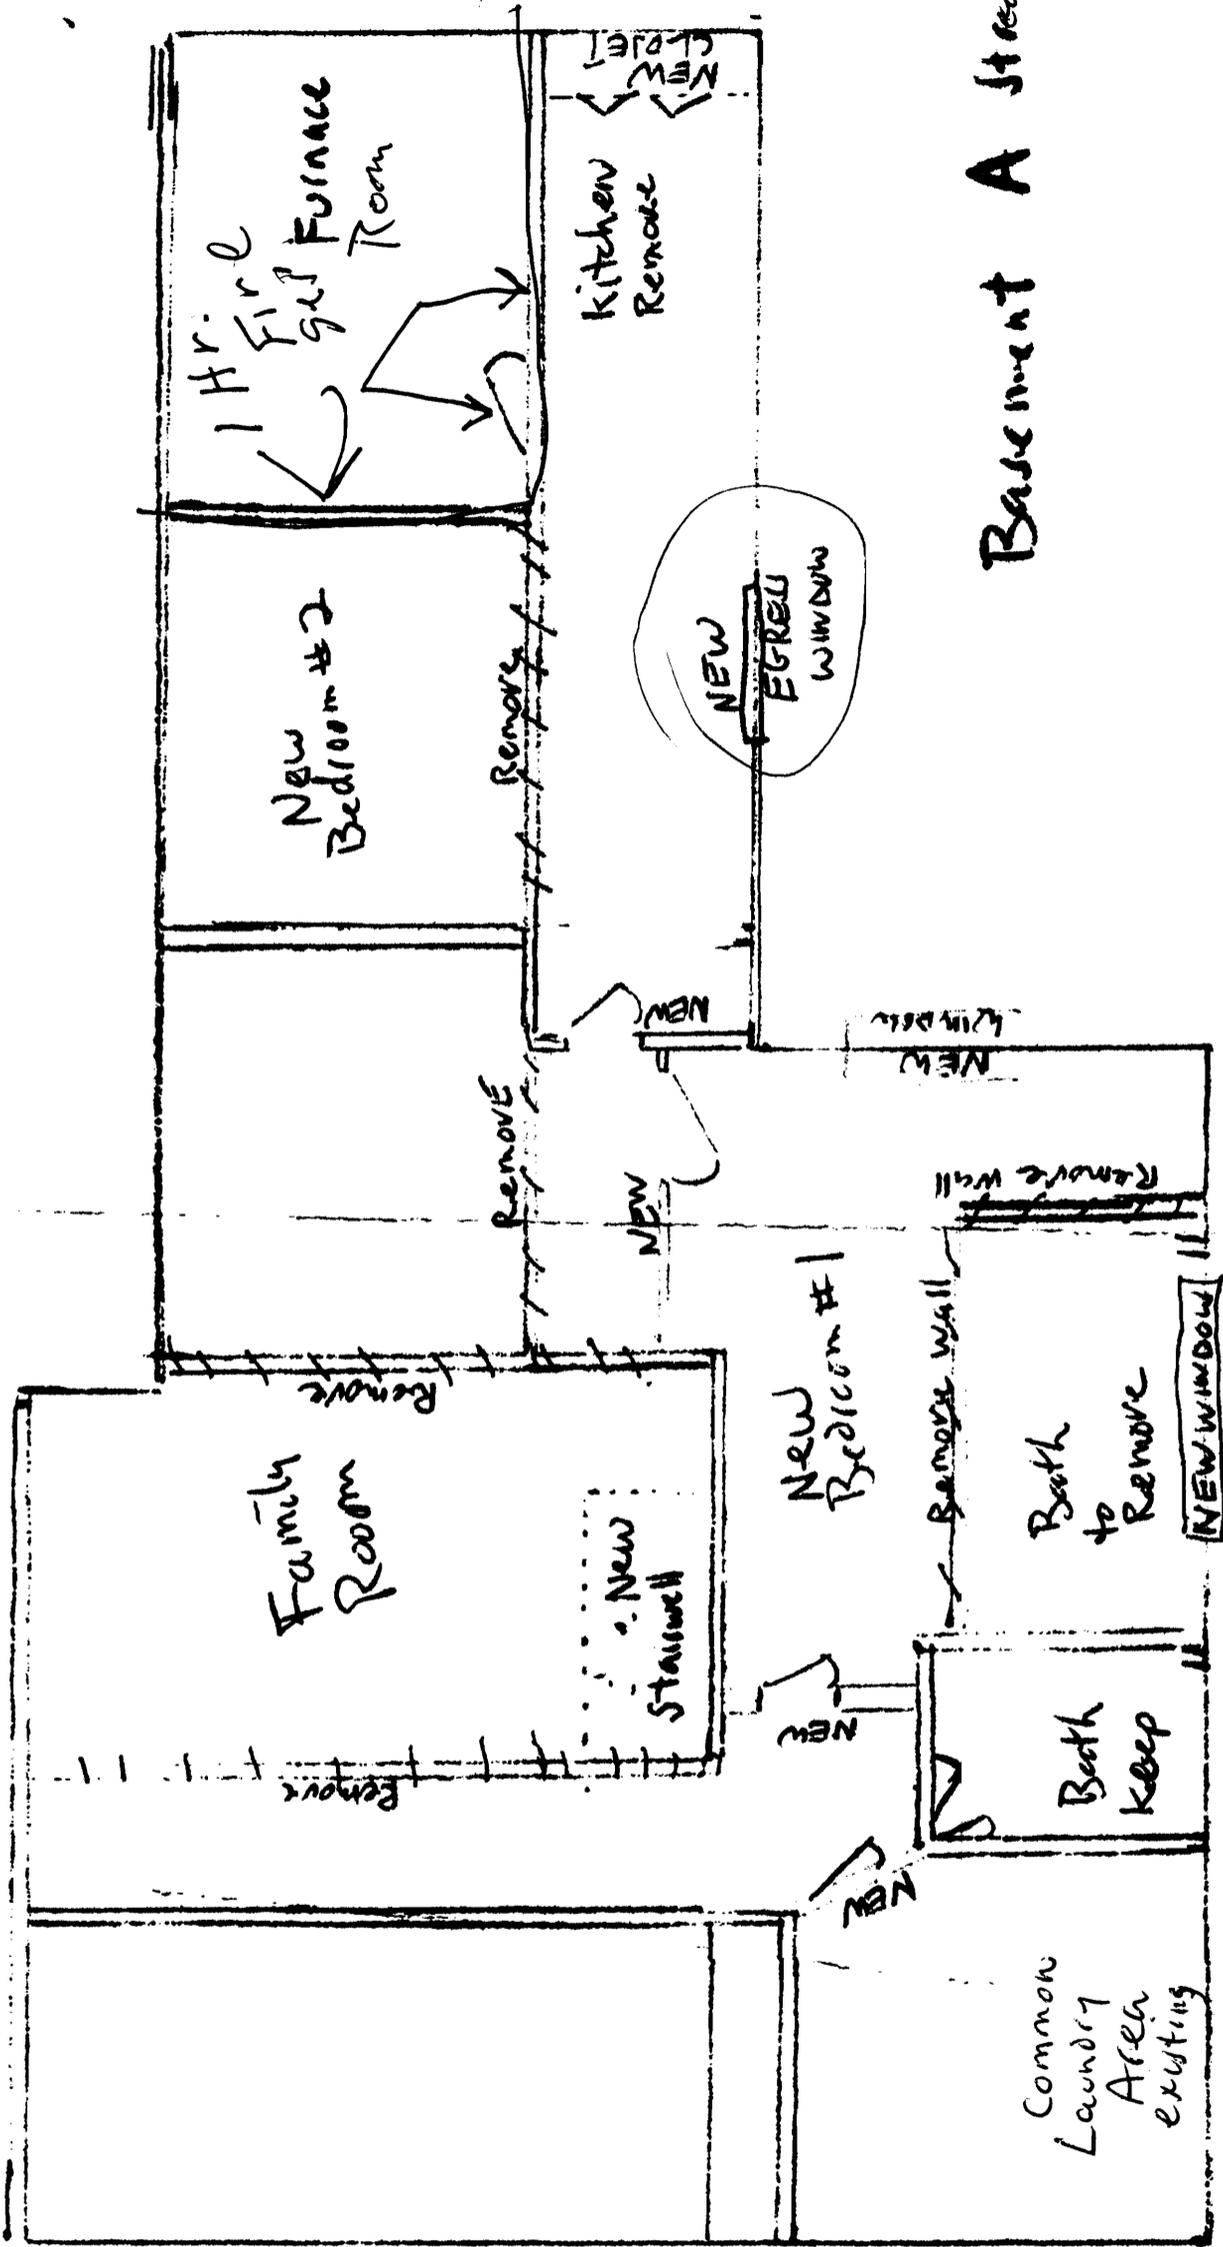

The above description is based upon a survey of November, 1952, by E.C. Jordan, C.E., and the above mentioned courses are magnetic and of the date of 1909. Being the same premises conveyed to Marie Fulcher by deed of Mary E. Cummings dated November 2, 1953, and recorded in the Cumberland County Registry of Deeds in Book 2159, Page 158.

Granting also unto the said Grantee, its successors and assigns the following easements, to wit:

1. The right to enter upon adjoining land of Harry P. Lessard to repair, paint and to maintain generally that portion of the building on the premises conveyed which encroaches over the westerly and southerly side lines of the above described parcel and to the use and enjoyment of said portion so encroaching.
2. Also the right of eave drainage onto other land of Harry P. Lessard adjoining the said westerly and southerly side lines of the above described parcel.
3. Also a right of way from A Street to the cellar door, toward the rear and on the westerly side of the building herein conveyed, over other land of Harry P. Lessard as now used.
