### Limited Warranty:

This warranty is valid only if the accompanying certificate is completed and mailed within 10 days of installation.

**What is Covered?** This warranty covers the fabric becoming unserviceable because of loss of color or strength from normal exposure conditions, including sunlight, mildew, rot and atmospheric chemicals. It does not cover labor and installation supplied by the dealer.

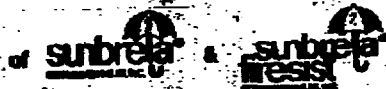

**How Long is the Coverage Period?** The warranty runs for 5 years from the date of the original installation.

**What Will Glen Raven Do?** Glen Raven will supply new fabric free to replace the fabric which becomes unserviceable.

**How Can You Get Service?** Call the dealer from whom you purchased the product to inspect the installation. Or call another Sunbrella® dealer listed in the Yellow Pages under "Awnings and Canopies" or "Boat Tops and Covers". The dealer will contact Glen Raven and secure replacement fabric for you.

**How Does State Law Apply?** This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

### Care & Cleaning

Sunbrella® fabric should be cleaned regularly before substances such as dirt, roof particles, etc., are allowed to accumulate on and become embedded in the fabric. The fabric can be cleaned without being removed from the installation. Simply brush off any loose dirt, roof particles, etc.; hose down and clean with a mild solution of natural soap in lukewarm water (no more than 100 degrees F.). Rinse thoroughly to remove soap. **DO NOT USE DETERGENTS.** Allow to air dry.

The fabric will not support growth or mildew; however, mildew may grow on dirt or foreign matter attached to the fabric. Mildew will not weaken or rot SUNBRELLA® FIREST and is readily removed. The best preventative is periodic cleaning.

**LIMITED "5 YEAR" WARRANTY**

SUNBRELLA® FIREST is warranted for the fabric to remain serviceable for loss of color or strength from normal exposure conditions, including sunlight, mildew, rot, and atmospheric chemicals. Glen Raven will replace the fabric. The warranty does not cover labor and installation supplied by the dealer.

**SEWABILITY**

Fabric hand is softer than SUNBRELLA® thus all measures to prevent excessive puckering and uneven seam run-outs should be taken.

**HEAT SEALING**

Fabric can be heat sealed with a radio-frequency bar equipped with a thermo-heated bar and rubber foot. A vinyl film or tape such as Bemis (FWS-TDC-50) or Fuse-A-Bond (F71) is being used to bond the fabric. These tapes are .005" thickness and 7/8" width. Tests should be run on scrap material to achieve proper operating temperatures.
