Additional Comments:

3/5/2013-AMACHADO/Zoning:

Looking at the GIS map and the old tax map, it appears that Larry Reminga does not own the strip of land in front of his building where he has a parking lot and wants to place the proposed sign. It look like ST.James Street got relocated at some point. I have an email into Bill Clark.

3/6/2013-AMACHADO/Zoning:

Received emnail from Bill Scott & spoke to him on the telephone. He will talk to Corporation Counsel about who owns the property in front of 55 St. James Street.

3/7/2013-AMACHADO/Zoning:

Received email from Bill Scott. MDOT owns the strip of land in front of 55 St. James St. I just called Patrick Bolduc at Neokraft. I told him that the MDOT owns the land and the applicant can't put a sign on property that they don't own. The permnit is on hold until Patric gets back to me about what the applicant wants to do.
