Jeannie,

440 St John St. Tammy gave
me a close-in inspection which passed. She
mentioned 2nd means of egress for 2nd floor.
According to her as long as stairwell is not
common, only 1 means is acceptable, if so I
would leave exiting front hall/stairway including
basement stairs as is, while installing a fire rated
door at top of basement stairs and fire rating doorway
to 1st floor apt. Tammy said she could answer
any question you would have. I'll supply you w/ a
drawing in regards to floor plan.

Thanks,

Brad James
