Subject: Inspection 460 St John St

Att: John Martel

John,

Thank you for talking with me late last week regarding the 03/10/12 violations letter I am working on for my property at 460 Saint John Street. As we had discussed, I needed to order a special size fire door. With the lead time on the order, then arranging and accomplishing the installation, I cannot meet the 32 day deadline stated on the letter. I am therefore requesting a 60 extension of the deadline. I hope to complete the project sooner than this and I will advise when the projects are complete and ready for reinspection.

Thank you,

Tom Santarelli
Building Owner 460 St John St
