No. Thank you for checking.

Barbara -

We have received a permit (#2014-02388) to build a canopy over an existing concrete loading dock that was permitted in 2012 (#2012-08-4827). There was an administrative authorization approval (#2012-581) for the 2012 permit.

Do they need to do an administrative authorization for the canopy?

Thanks.

Ann
