Legalization of a Nonconforming Dwelling Unit Application Instructions and Checklist

Section 14-391 – In effect March 24, 2004

Applies to:

A building that is nonconforming to the number of dwelling units per the current zoning ordinance. This does not apply to rooming units. This applies only to a building in the following zones: R-3, R-4, R-5, R-6, R-7; or B-1, B-1(b), B-2, B-2(b), or B-3.

Fee:

There is a \$300 application fee for each dwelling unit to be legalized and a \$100 Certificate of Occupancy (C of O) fee for the property. The Certificate of Occupancy fee will be refunded if legalization cannot be approved.

Required Submissions:

1. A plot plan showing the shapes and dimensions of the lot and all structures, including the distance from property lines and other important features, such as parking areas and the driveway.
2. Dimensioned floor plans showing all dwelling units in the building, stairs, common areas and exits.
3. The applicant shall provide sufficient evidence to determine:
 - a. That either the nonconforming dwelling unit existed prior to 4/1/95, or the structure was originally designed and built to accommodate more than the number of units presently in use. This can be shown with an original building permit. These are available in Rm 315 of City Hall.
 - b. The applicant neither constructed nor established the nonconforming dwelling unit.

Examples of records that are accepted as evidence to show a unit existed prior to 4/1/95 include:

- Historic tax assessment record
- Housing inspection record
- Purchase and sale agreement
- Mortgage inspection document
- City street directory record (such as Polk's, available at the public library)
- Public utility records and
- Notarized affidavits.

The sufficiency of submitted evidence is at the discretion of the Zoning Administrator.
