To whom it may concern,

I do not care if this apartment that has been here for over 9 years, is legalized because I know we need housing.

But there is ~~also something~~ else we need and that is parking. We have parking but we are not allowed to use it. We need it and we need it NOW!

The streets on Murray Hill are almost narrower than our street and we should be ~~able~~ able to park on both sides of the street. I pay almost \$2000 a year and I can't park on both sides of this street!

These apartments with 3 bedrooms go for \$1200 a month. If 3 and 4 people move in to share the apartment, when they come, they can bring a car with them.

I have been told that a fire truck couldn't get down the street. Bull!

All day long there are cars on both sides,

I have also been told they need to clean up the leaves. Well, they don't clean them up last year.

Once a year you could have a leaf ban just like a snow ban.

When these poor people come home after 10:00 p.m. there is ~~now~~ place to park.

It makes me sick when I see them stop a ticket on their car.

Why you need the money that bad?

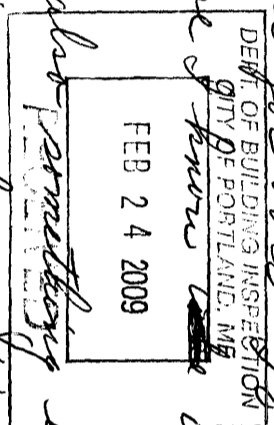

I know someday we will get it but I don't think it will be in my time.

Some day, maybe somebody will be in City Hall with brains and will be able to figure this out. Because you people certainly don't have any.
