RE: 34-36 Roberts Street

September 22, 1978

Mr. Lawrence P. DeRoche 36 Roberts Street Portland, Maine

cc: Tom Valleau Assist. City Manager

Dear Mr. DeRoche:

It has been reported to this office that a doctors office is located at your building at the above address.

The zone your building is in is R-5 which allows for doctors offices only if approved by the Board of Appeals.

Our records do not indicate such a use or approval. Would you please advise this office of the condition.

Very truly yours,

R. Lovell Brown Director of Building & Inspection Services

Sept. 18, 1978

Mr. A.J. Wilson City Manager City of Portland, Maine

Dear Sir: For some time, I have wanted to bring to your attention a situation which exsists and has exsisted for some time at.73 Roberts Street, here in Portland, Maine.

At 73 Roberts Street we have an automobile towing service namely, T & J Towing Service. This business has been going on for some time and is getting progressively worse. The hauling of cars, all hours of the night and day seems to us to be unwarrented and in our opinion, this area is not zoned for this particular type of business which this company is conducting.

As recently as this past Sunday this gentlemen is now building a building in the rear of 73 Roberts Street, it is rather a large building and I believe there is no permit for this also.

In addition to this matter we now have a doctors office now located at 34 Roberts Street and doing business at that address, is it zoned for that?

We would appreciate it as our city manager if you would look into these matters. It is useless to contact our councilor in this area.

> Most sincerely, A Taxpayer.

Bob Brown

Fire Chief

Building Inspector

Re: Boarding Home

In accordance with Title 25 of the Maine Statutes, as revised, a Supervising State Fire Inspector recently inspected your property and found the following conditions in violation of the statutes governing the fire laws of this State, as indicated below:

- 1. Replace 30 amp fuses in branch circuits with 15 amp.
- 2. Electrometic switch to be installed over furnace.

Please advise this office in writing reported in a der that this office may advise the Commissioner of the Department of Health and Welfare that your property complies with the statutory provisions relating to fire safety.

By direction of the Commissioner Charles J'Brogan
