RE: 368 Park Avenue

Dear Sir:

Your application to change the use of 368 Park Avenue from a single family dwelling to three apartments has been reviewed, and a building permit is herewith issued subject to the following requirements.

1. Each unit shall have access to two separate and remote approved exits.

2. All vertical openings (stairways) and the boiler room shall be enclosed with construction having a fire rating of at least one hour, including fire doors with self-closers.

3. A minimum of one single station smoke detector shall be installed in each unit. It shall be installed in a manner and location approved by the authority having jurisdiction. When actuated, the detector shall provide an alarm suitable to warn the occupants within the individual units. In buildings having basements or cellars, an additional smoke detector shall be installed in the basement or cellar in a location approved by the authority having jurisdiction. These detectors shall be wired to the house current.

If you have any questions on these requirements, please call this office.
