

PHOTOS OF EXISTING 3 UNIT APARTMENT BUILDING:

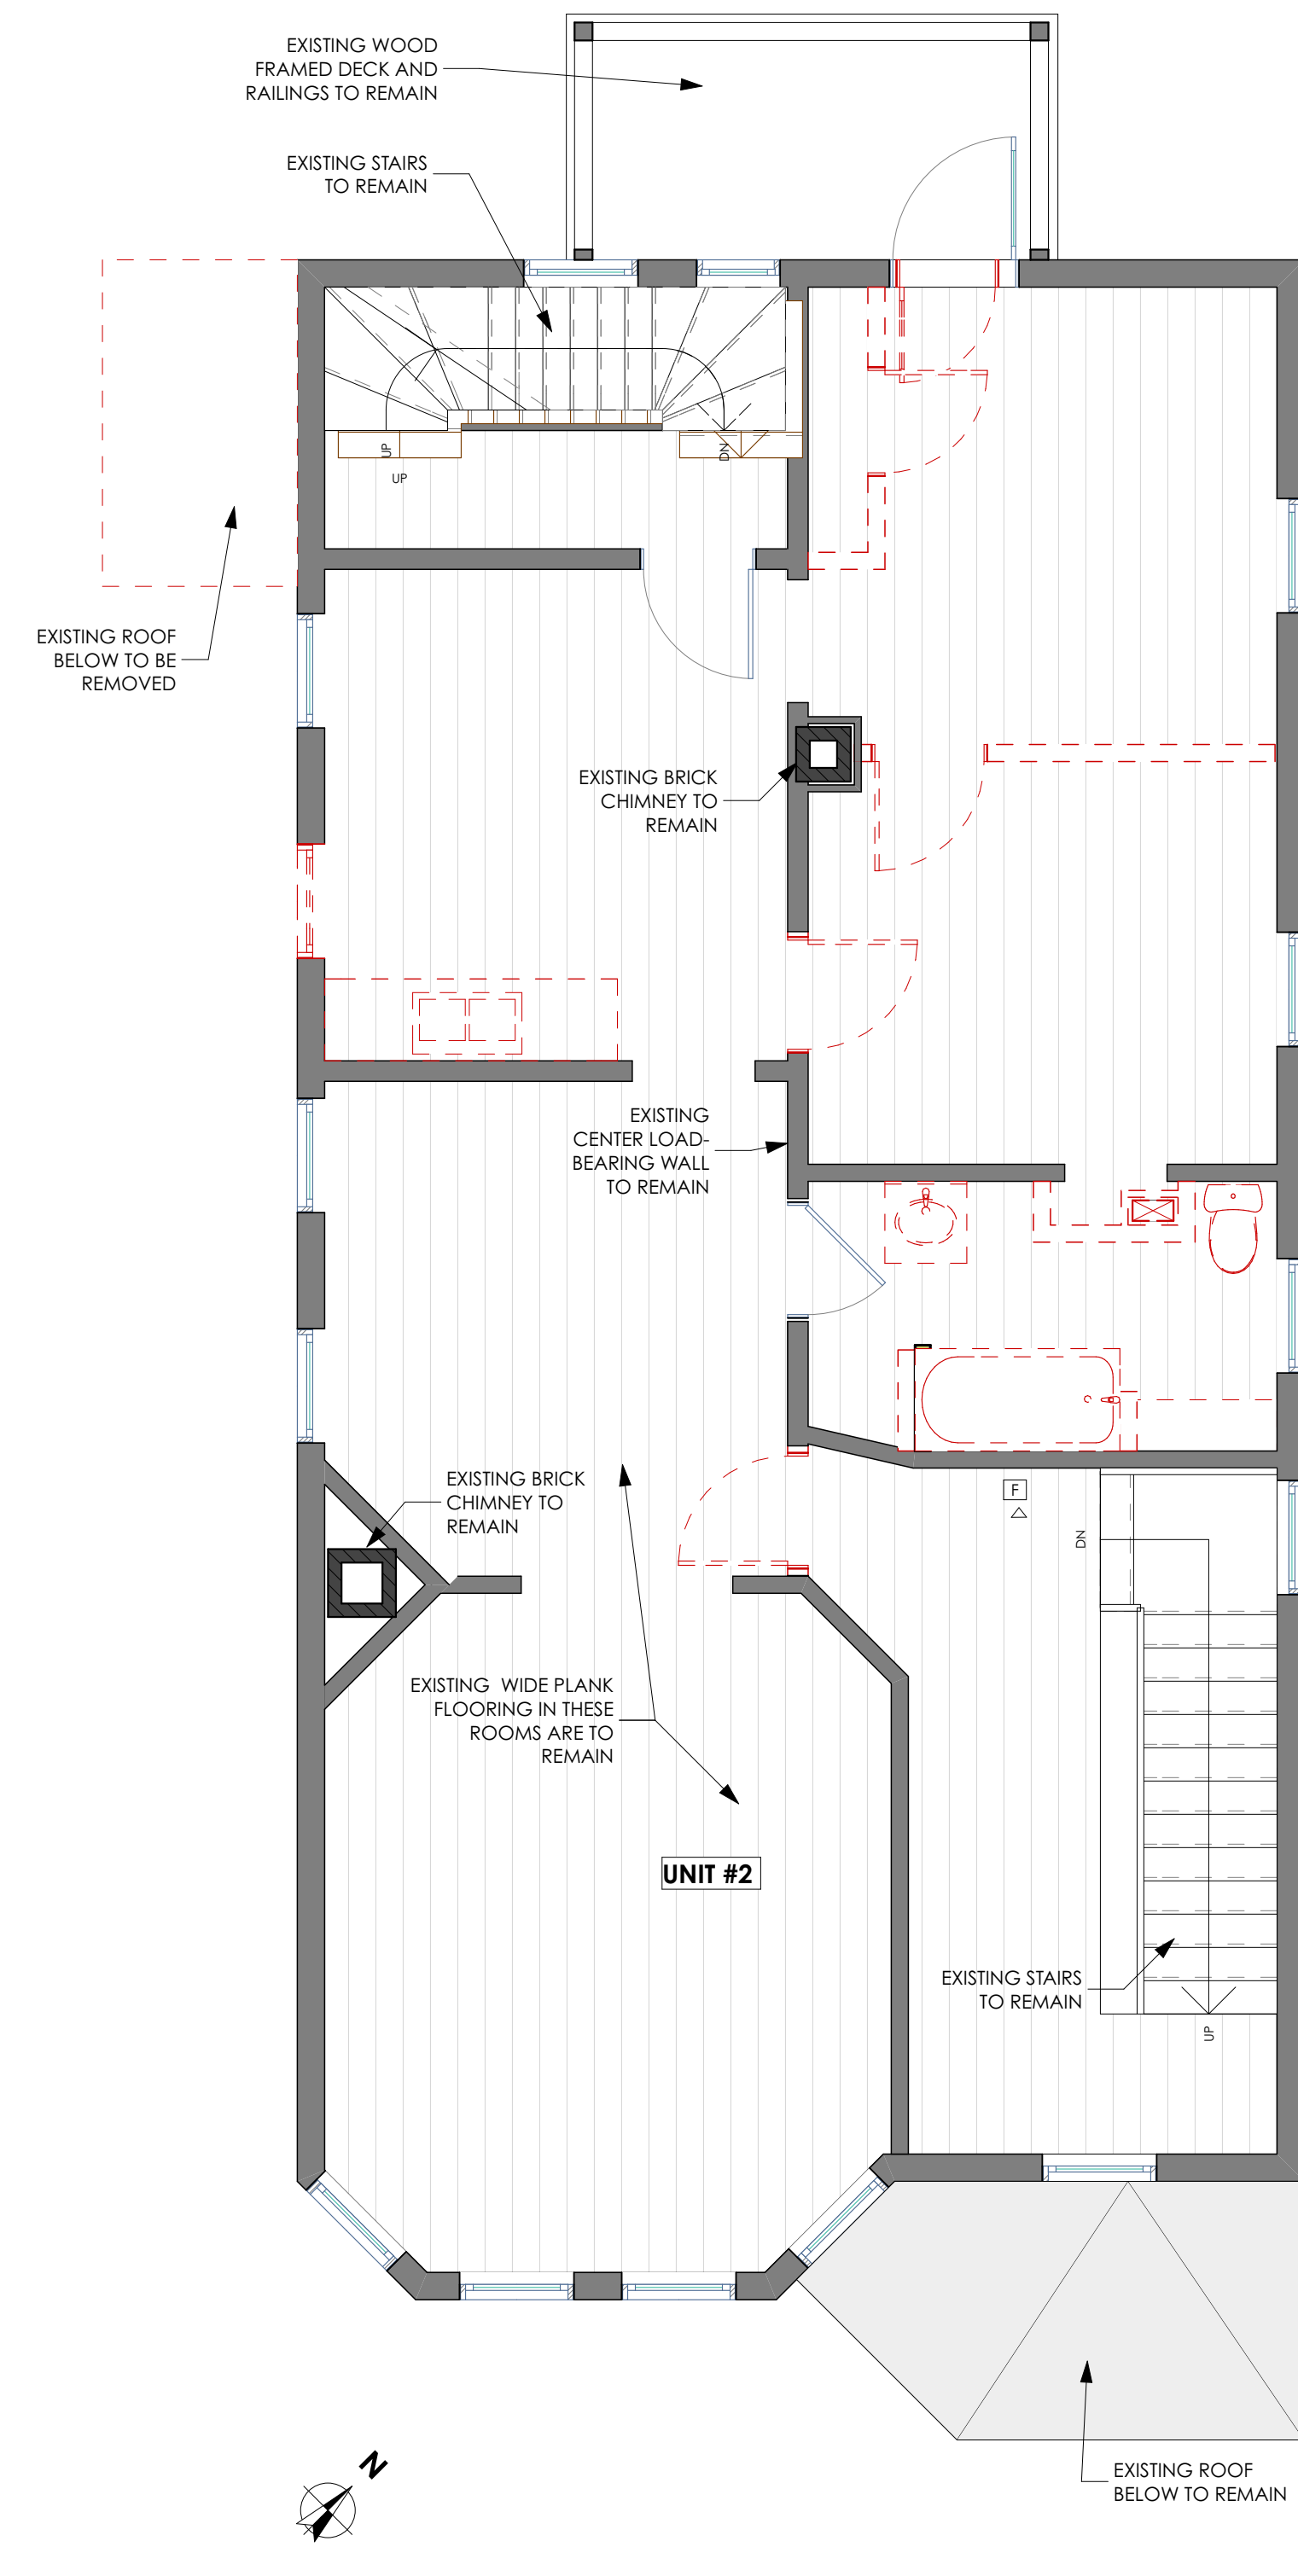

DEMOLITION PLAN LEGEND

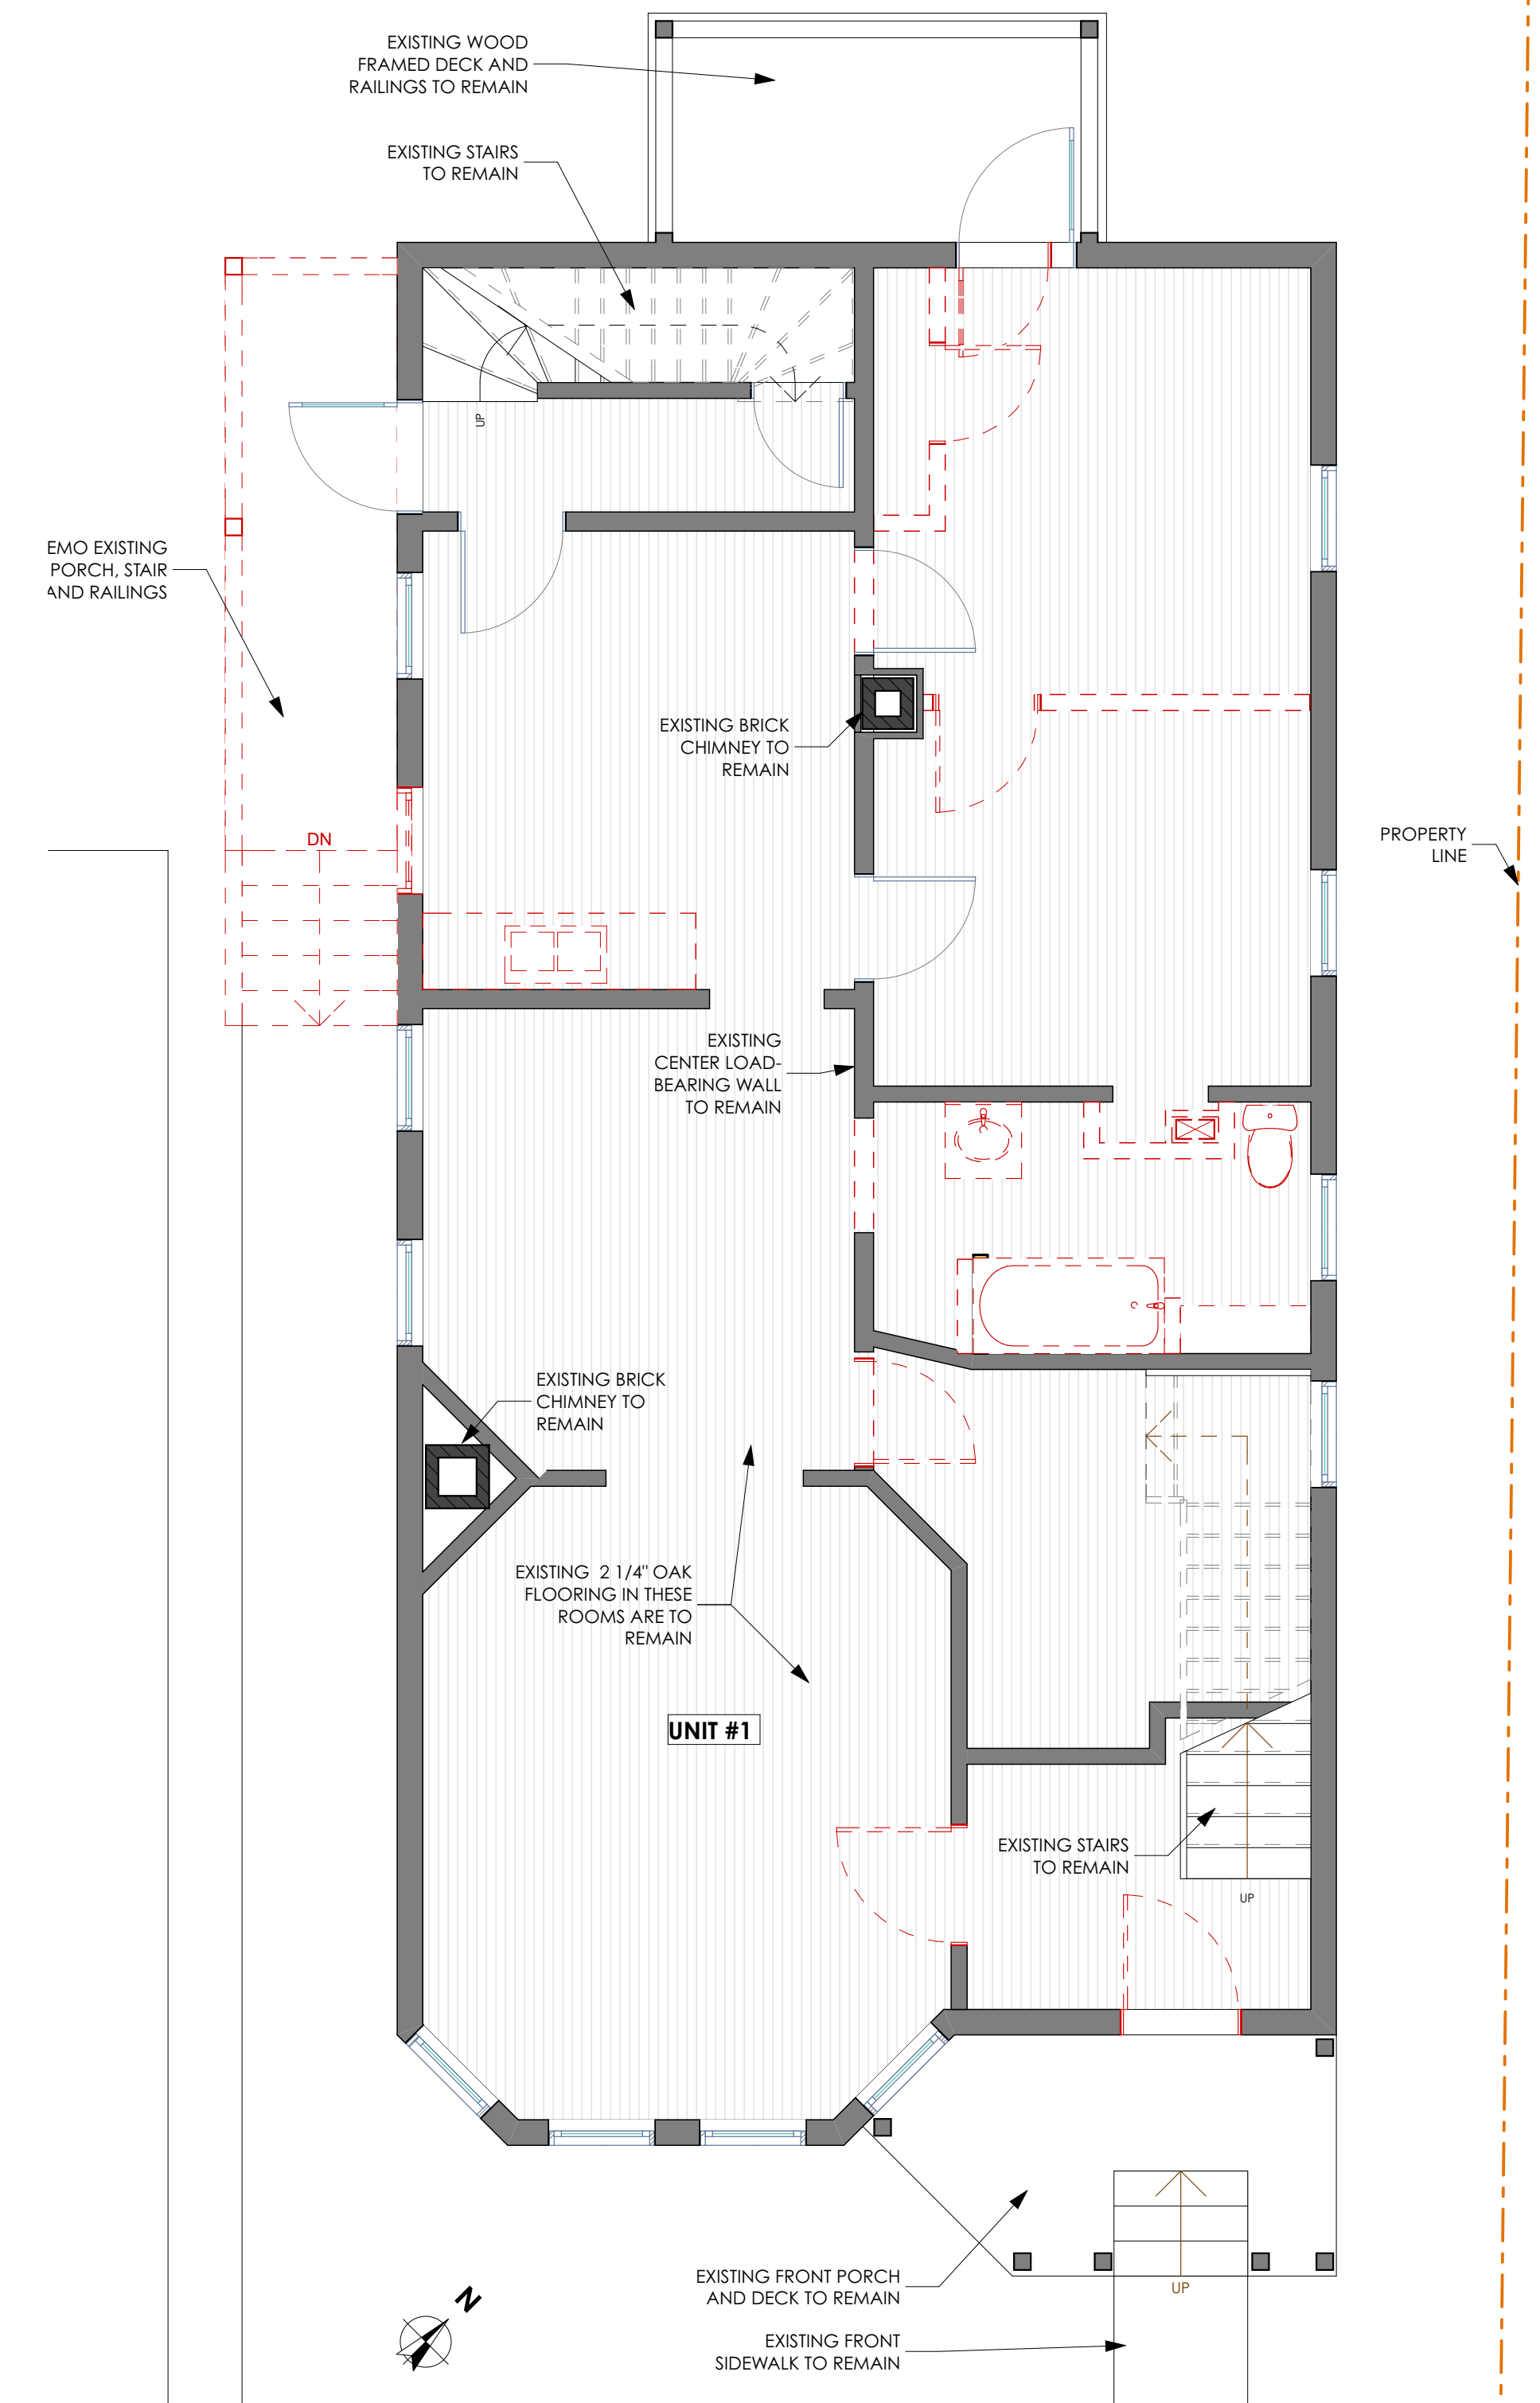

DEMOLITION PLAN GENERAL NOTES

1. This drawing set constitutes a permit application to the City of Portland for load bearing demolition. A previous application for interior non-load bearing demolition permit for this project was submitted under separate cover in July 2016. All temporary shoring is the responsible of the Contractor performing the work.
2. Contractor is to visit the site and become familiar with all work included herein. Before demolition occurs Contractor to have walk-thru with Owner to review all items to be salvaged.
3. Remove all existing wall and ceiling finishes including plaster and gypsum to existing wood studs unless noted otherwise.
4. Remove all floor finishes to the subfloor throughout except where noted otherwise.
5. All existing stairs, including rails, balusters, trims, etc are to remain for reuse
6. Remove all existing mechanical, electrical and plumbing work throughout including, but not limited too, all abandoned piping, wiring, light fixtures, abandoned air ducts, etc.
7. Contractor to provide proper precautions for the removal and/or remediation of hazardous materials such as lead and asbestos. Contractor and/or Owner to provide test results.
