Re: Letter of Conformance  
Construction Materials Testing and Inspection Services  
Ferguson Enterprises  
172 Saint John Street  
Portland, ME  
Terracon Project No. J1161186

Dear Mr. Rogers:

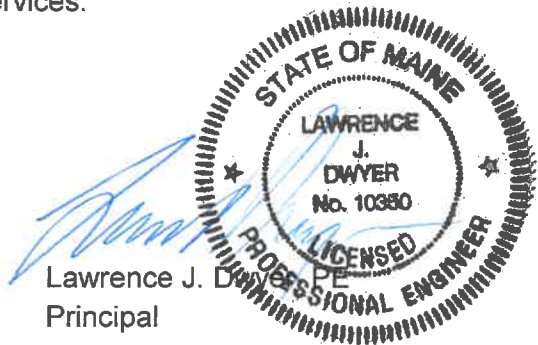

Elite Storage Solutions retained Terracon to provide construction materials testing and inspection services for post installed anchors on the above-referenced project from December 2, 2016 to January 18, 2017. In this capacity Terracon has issued periodic reports at the completion of each phase related to the new pallet racking anchorage, documenting the inspection results and findings.

This letter has been prepared to confirm that the installation of the anchorage was completed in general conformance with the project plans and specification provided to Terracon by Elite Storage Solutions and which are on file with the City of Portland, Maine Building Inspectors office.

This letter is provided solely for the benefit for the above-listed client and does not impact the rights and obligations of third parties, including contractors and subcontractors, who may have provided the construction materials and/or construction work tested or inspected. Please contact us if you have any questions regarding these services.

Sincerely,  
Terracon Consultants, Inc.

Lawrence C. Provost  
Field Project Manager/Materials

Lawrence J. Dwyer
