Good Morning Building Inspection,

We spoke with Gail yesterday around this time and have made the additions she has asked of us to make. The tax map shows that the property we are leasing is labeled tax map 68-D-10 Setback: the food truck will be setback 15 feet from the road in the parking lot that is shown in our maps. I have also attached a google map of t108 St. John street to give you a better understanding of what exactly the property looks like and its layout. We have reattached the lease as well as a picture of the truck. The truck dimensions are 24 feet in length and 8 feet 6 inches in width. Thank you very much for the help yesterday. Please let us know of any questions you may have. Talk to you soon.

Best Regards,

Jack and Ben
