Dear Major Newton,

On 4/28/00, Code Enforcement Officer Marland Wing and myself performed an evaluation of the resident facilities, common areas, refuse and laundry facilities at the above location. Our evaluation focused on sanitation, vermin infestation, general housing standards and general conditions.

The evaluation revealed conditions that consistently exceeded the City's Minimum Standards for Housing. No vermin infestation was noted and the general sanitation exceeded our expectations.

We recommend that the hand soap dispensers in the staff restrooms are used in lieu of common bar soap. (This was noted in bathroom C002).

Thank you and your staff for your efforts. It is clear that you all take pride in the condition of the institution.

Sincerely,

Michael J. Nugent
