Approx. 9-29-16, Herb Ranks took out a permit for renovations to wires (building had old rubber covered BX in shallow boxes; insulation was falling off, so wire had to be cut back& new boxes installed in order to install new fixtures with shallow canopy). Permit was for three on the first floor and several on the second floor. You inspected the first floor. The owner then hired someone else to do the second floor work and install the fixtures on the first floor. Just wanted to make a note for your files that we did no other work beyond what you inspected. Thanks.
