Phillip -

I have done my initial zoning review and at this time I cannot complete my review. You need to provide a plot plan that is to scale that shows the shape of the lot (dimensioned) and the existing footprint and proposed footprint with the two additions. I need to be able to scale the setbacks.

Also, now that we are doing electronic plan review, each plan needs to include a graphic or bar scale. We have to be able to calibrate our measuring tool when doing our review.

Please submit the pdf of the plot plan directly to me.

Thanks.

Ann Machado
