SITE OF PROPOSED STRUCTURE "INSTANT GARAGE" ON
LOT (083B-F014) AT 73 DIAMOND AVE, GREAT DIAMOND Is.

ShelterLogic® Garage-In-A-Box® Is Great For Autos, Motorcycles, ATVs, Trailers, Lawn & Garden Equipment, Tractors, Snowmobiles, Bulk Storage And More.

Made using 1-3/8" all-steel framing with Dupont™ thermoset baked-on, powder coat finish that will not chip, peel, rust or corrode. Rib reinforced to deliver extra strength, ease of installation and portability. Triple-layer rip-stop fabric is 100% waterproof and made of enhanced weave polyethylene. UV treated inside and out. Stabilizers ensure stability. Easy Slide Cross Rail™ system locks down and squares up frame. Ratchet Tie™ tensioning for solid cover anchoring.

Garage In A Box 12' x 16' x 8'

COMPARE	OVERALL DIMENSIONS				
	12' 3"	16'	8' 6"	Gray	6'
X	12'	20'	8'	Gray	5' 9"

The Garage-in-a-Box® design, now available in 16-Feet length. All the same features as the GIB, only smaller! 12' x 16' x 8 Feet Garage-in-a-Box® is a registered trademark of ShelterLogic® LLC. Easy slide cross rail - Best in class feature for continuous cover lighting. Bolt together brackets allow easy access to pressure points for optimal performance. Patent-Pending ShelterLock Stabilizers add strength and stability. Advanced engineering fabric. Our covers are triple layer woven polyethylene that is ripstop tough, UV treated inside, outside and in between with added fade blockers, antiaging, antifungal, and anti-yellowing agents. Bolt together hardware at every frame connection for optimal strength and ease of installation. Ratchet-tite cover tensioning ensures a drum tight cover and door panel connection to the frame. All hardware included and with clear components keep cover taut!
