## Comments:

8/2/2004-gg: This permit was submitted by mail without the info. The check and info is now included. /gg

8/16/2004-tmm: Spoke w/builder - went over what was needed for info - need tube depth/size, girder size, stair location, guard details, balluster spacing - said he submit

9/24/2007-jmb: Mark Debellis called about the permit as he has been trying to sell his house. I faxed him the notes and he will have the contractor schedule for inspection and provide the required information from the 8/16/04 notes.

4/3/2008-amachado: New permit was applied for on 3/25/08 (#08-0268). It was denied because original deck not permitted and the existing deck is over lot coverage.

1/30/2008-jmb: Alyce Bauerle came in for real estate research and we could not locate the application on hold. I gave her copies of the plans submitted by John Kiely in 10/07 and a new application. Adequate plans must be submitted for review.
