Hi Ann,

The following is the name and address of a person who is storing their boat on a municipal beach on Peaks Island. The beach is zoned ROS; he was contacted last fall and given until June to float his boat. It has not happened. Bob Leeman handled all of this, but there is no documentation of notice, etc.

I think it's time for you to take over.

Hi Chris,

When Bob was acting PW Director, he had been the contact person with a couple of boat owners on Peaks Island who were storing their vessels on a public beach, which is not permitted.

One boat has been removed, the other needs to go to an enforcement action at this time. I am hoping Bob left you the contact info for a Mr Fusco. Any and all contact info will be appreciated.

We will send an enforcement letter. It will probably be next week.

Do you want a copy of it when it is sent?

We will send an enforcement letter. Is there a name of the beach where the boat is being stored? The letter will probably go out next week.

Do you want a copy of the letter?

The CBL is 084 R020; There is no official name of the beach; it can be describes as " the public beach located at the foot of the Welch Street public parking lot".
