---	---

Dept: Zoning **Status:** Approved with Conditions **Reviewer:** Marge Schmuckal **Approval Date:** 05/04/2009

Note:**Ok to Issue:**

- 1) If the building is not rebuilt within the 1 year allowance, all nonconforming rights shall be extinguished. It is important to be aware of the 1 year time frame.
- 2) Your present structure is legally nonconforming as to setbacks. If you are to demolish this structure on your own volition, you will only have one (1) year to replace it in the same footprint (no expansions), with the same height, and same use. Any changes to any of the above shall require that this structure meet the current zoning standards. The one (1) year starts at the time of removal. It shall be the owner's responsibility to contact the Code Enforcement Officer and notify them of that specific date.
- 3) This is NOT an approval for an additional dwelling unit. You SHALL NOT add any additional kitchen equipment including, but not limited to items such as stoves, microwaves, refrigerators, or kitchen sinks, etc. Without special approvals.
- 4) This property shall remain two single family detached dwellings. Any change of use shall require a separate permit application for review and approval.
- 5) This permit is being approved on the basis of plans submitted. Any deviations shall require a separate approval before starting that work.

Dept: Building **Status:** Approved with Conditions **Reviewer:** Tom Markley **Approval Date:** 05/06/2009

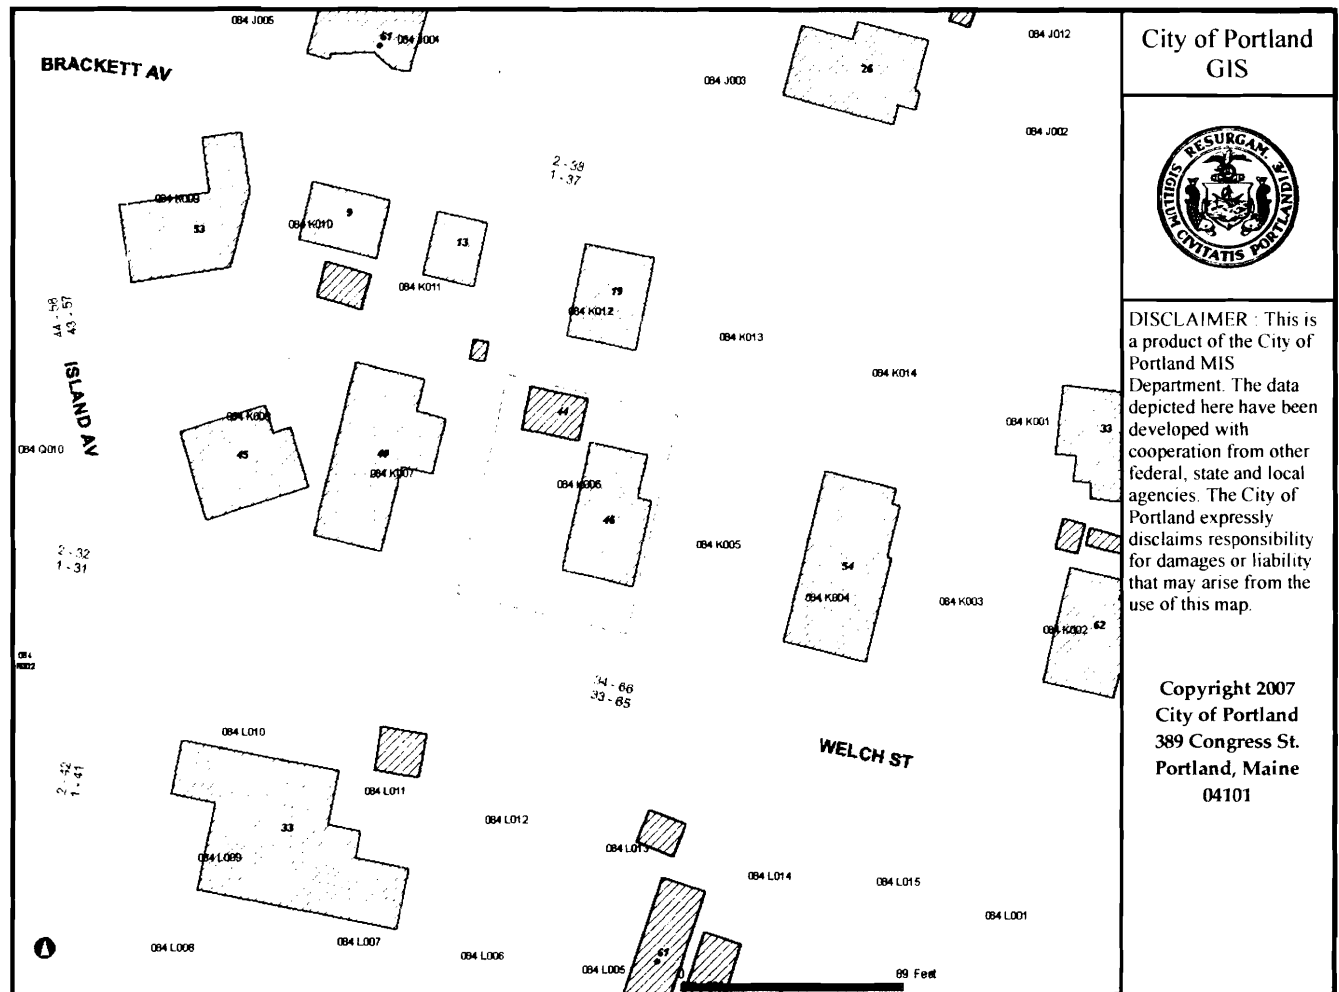

Note:**Ok to Issue:**

- 1) Demolition permit only. No other construction activities allowed.
- 2) Application approval based upon information provided by applicant. Any deviation from approved plans requires separate review and approval prior to work.

Comments:

4/28/2009-mes: gave back to Lannine - No island ID on the permit again

5/1/2009-mes: I called the owners - there were actually two detached single family dwellings on this lot. Only one is being removed - so this would not be a vacant lot. I want to confirm this with the owners and determine which house is being removed. On hold in M's office

Portland, Maine 04103

Dear Mr. Hall

This letter is in response to the site walk through that was conducted at 46 Welch St, Peaks Island, Maine on April 8, 2009.

The building was visually inspected for suspect asbestos containing materials. There were no materials available on site that required sampling due to Maine DEP Chapter 425 asbestos regulations.

If you have any questions please feel free to contact me at 207-773-1276 or krickett@abatementpros.com

Sincerely

April 2, 2009

Dear Jamal,

Following the fire at our home, the extent of the structural damage forces us to demolish the main house. We plan to take the house down before the end of May. Rebuilding should begin after June. We are apologizing ahead of time for any inconvenience this may cause you with dust, traffic, and noise. The Company who will perform the demolition assures me it will take a very short time. We also want to thank you for your support during these very difficult months. It is very comforting to have a neighbor like you

Thanks you,

Larry and Donna Davis
