**9/22/2014-AMACHADO/Zoning:**

Project description stated an 8' x 10' expansion of the deck but the deck plan showed an expansion on the other side as well. No plot plan was submitted. Spoke to Doreen (intake staff). Asked her to notify the applicant to clear up the project description and get the plot plan.

**2/19/2016-AMACHADO/Zoning:**

An error was made in the zoning review for the front yard setback. The part of the deck that extended toward the front should have met the 25' front setback. This was not caught under the zoning review and the deck as approved under this permit is legal.
