Dear Mr. Russell,

My name is Keith Ewing, I am a structural Engineer and my Third Party Inspection number is 204.

I have worked with Snap Space on other projects as the Structural Engineer and Third Party Inspector. Because of this I am familiar with their methods and construction practices. As a Structural Engineer I have been doing construction inspections for over 18 years, also I have been a Third Party Inspector since 2013.

I was asked to provide References of people that I have worked with as a Third Party Inspector.
