Dear Mr. & Mrs. Eastman,

Your addition and garage have been completed and look very nice. I am writing about the extra kitchen equipment that has been installed in the basement. You need to resolve this issue with Inspection Services by removing the kitchen sink and range or applying to the City for a second unit to be allowed in the basement area.

I am going to ask you to resolve this by October 30, 1999. I will look forward to your response.

Sincerely,
