

Portland Water District

FROM SEBAGO LAKE TO CASCO BAY

May 4, 2015

Mr. James P. MacVane
P. O. Box 121
Peaks Island, ME 04108

Re: Centennial Street Pump Station Upgrade Project

Dear Mr. MacVane:

The Portland Water District plans to upgrade its wastewater pumping station on Centennial Street this upcoming construction season. We plan to clear the entire site, replace the above ground control panels, replace the pumps in the vaults and grade and re-plant grass over all disturbed areas of the site. Once completed, we plan to come back and plant new landscaping shrubs. As an abutter to the site, we wanted to make you aware of the project and give you the opportunity to ask any questions or let us know any concerns you may have. The property will be left in a clean and orderly manner.

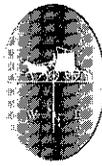

If you have any questions do not hesitate to call the project manager, Jamie Paschal, at 774-5961 ext. 3051 or me at 774-5961 ext. 3057. We would also be willing to come out and meet with you on site if desired. We look forward to hearing from you.

Sincerely yours,

PORTLAND WATER DISTRICT
