RE: Request to Reactivate  
Peaks Island Building Permit  
#050378

Dear Marge;

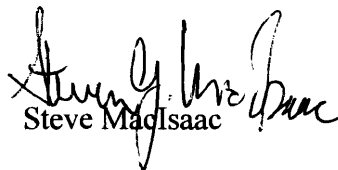

As you know Permit #050378 was approved on August 12, 2005. We immediately commenced work by gathering up the considerable amount of deadwood, trucking in fill for the driveway, procuring the septic system materials and contracting with a company to blast the ledge to make way for the caller of the houses

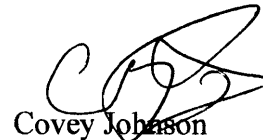

A few months after approval we reevaluated the position of the driveway and requested that an amendment be approved shifting the location of the driveway from Highland Avenue to Vermont Avenue. The new location would be away from existing houses and require little, if any, tree removal and be cheaper to build. As you know you requested a new site plan and a review by Jay Reynolds. We requested that our surveyor, Owen Haskell, comply with your request. Unbeknown to us he chose to put our work to the bottom of his list of projects. Up until three (3) weeks ago, we thought that Owen Haskell had submitted the revised plan and it was being processed by the planning and/or inspection offices. Your call to us in January 2006 notifying us that the permit had been deactivated because you had not received the revised site plan and you were not aware of our activities on the site was not received most likely because our overworked answering machine was filled and was dropping messages...

We became aware of the situation when we recently called Owen Haskell to get the amendment number to give to the blaster who we hired. We discovered the situation that the revised site plan had not been submitted by the surveyor, obtained the revised site plan from the surveyor and submitted the same to the planning department.

We apologize for these miscommunication and respectfully request that Permit #050378 be reactivated and/or a new permit be issued for no additional fees. Attached is a permit application, the unchanged building and septic plans and the revised site plan.

Sincerely,

  
Steve MacIsaac

  
Covey Johnson

<b>Comments:</b>
9/14/2006-gg: received revised site plan. /gg
1/25/2006-mes: called Covey J. (voice message) and told him that we need a real plan that has been done professionally with all the projections on it - right now the repositioned house does not match what was approved before
7/27/2006-mes: Still have not received any new plans as of this date - over six months in hold - this permit has lapsed

Gaige This permit HAS  
been voided - over 6 months  
old
