Subject: RE: Central Avenue new single family 88-K-35

This is an update on this permit application. The owner has a Planning Board copy of a new subdivision plan that was approved in 1991/1992. He will be bringing that in to me tomorrow. Apparently this subdivision was done years ago and Assessor's were never notified.

But I will wait until I actually see this purported plan. I will get copies for folks if I can.

Subject: 30 Central Avenue Extension
(ID # 2003-0184) (CBL# 088K035)

Dear Mr. Greenlaw:

Thank you for your application for a single family at 30 Central Avenue extension. Upon review of the plan, it appears that this design would constitute a subdivision. Also, the deed submitted and lot lines shown do not match the City's Assessors maps.

For this reason, additional submittals will be required, and/or your application will have to go to the planning board for review and approval.

Pertaining to the site review, I have the following questions/comments:

1. Is this lot within the Shoreland zone? If so, please show the 250' setback line and limits of clearing.
2. There appears to be no grading changes to the east side of the proposed structure. Does the building have a daylight basement or will it have approximately 7 feet of wall showing?
3. Please add erosion control measures to the site plan.

Please contact me at (207) 874-8632 if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Jay Reynolds".
