Hello,

I went to Peaks on Thursday (5/19/16) for a complaint, via Mike Murray. I learned this property is owned by Terry Edwards and he has been storing and collecting various items on this lot. I photographed these items from the frontage and have attached them to this email for your determination of a land use violation. Please let me know what you'd like to do with this complaint.

Thank you,
Doug

It looks like the tax records might call this 25 Jewell Road? It's not in the shoreland zone. Ann may have a different perspective, but if the boat is on a registered trailer I would think it's OK like any other registered vehicle, and I also assume people can store kayaks at their house. I don't think picnic tables are any problem either. The only thing I'm not sure about is the hot tub, I don't know if we require permits for those as a structure typically, although this one looks like it's not really installed but just sitting there for storage.

I don't know if there is more stuff you couldn't see, but if this is the extent of it I think it's not much of a complaint!
