**To the Neighbors of 70 Anderson Street,**

**Hello from Barrett Made! We are preparing to begin the construction of a new multi-family residence in your neighborhood. This project is expected to run approximately 9 months from start to finish.**

**Starting in November we will begin the initial clearing of the site, which will include the demolition of the existing structures on the property and excavation for the new proposed residential units. Please know that it is our intention to be respectful of your road and neighborhood at all times during construction. If there is a need for us to encroach on your property during this process, we will make contact with you prior to inform you of a scope and timeline.**

**If during the construction process you have any questions or concerns, please feel free to contact our project manager, Bruce Hourigan via email at [bruce.hourigan@barrettmade.com](mailto:bruce.hourigan@barrettmade.com) or feel free to call our office at (207) 210-4421.**

**Thank you for your patience and understanding.**
