RE: BUILDING PERMIT
CLIFF ISLAND COVE SEPTIC TANK INSTALLATION

Dear Jeanie,

Attached is an HHE-200 Form and a Site Plan for the Cove area of Cliff Island. There are four homes that are participating in the construction of the Cliff Island Septic System Association (CISSA) that require new septic tanks. These homes will install the tanks and piping. Once installed, they will become property of CISSA to operate and maintain.

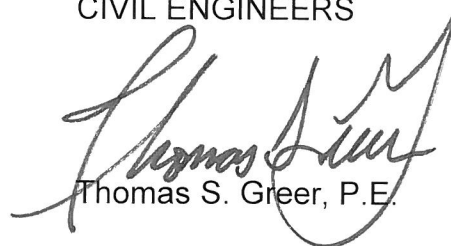

The connection of the system will require a pump station and piping to the end of Wharf Road. That pipe currently exists.

We have listed Kathleen Swift on the application. All four owners are planning to eliminate their overboard discharges.

Let me know if you need any additional information.

Sincerely,

PINKHAM & GREER,
CIVIL ENGINEERS

Thomas S. Greer, P.E.
