To: "Elfriede E. B. Walden" <elfriede.walden@mac.com>, "benspond@me.com" <benspond@me.com>, Jonathan Rioux <jrioux@portlandmaine.gov>

Cc: David Margolis-Pineo <dmp@portlandmaine.gov>

Elfriede and Ben

Jon Rioux is following up with signing off on the demolition permit so it can be issued.

I followed up with David Margolis-Pineo, Deputy City Engineer for Public Works. He said that a street opening permit should have been applied for to put the driveway and culvert in. You need to apply for an after the fact street opening permit with the Department of Public Works. Please contact David Margolis-Pineo with any questions. His email is [dmp@portlandmaine.gov](mailto:dmp@portlandmaine.gov) .and his number is 874-8850. Section 14-449(j) discusses criteria for building a driveway and installing a culvert in the Shoreland Zone.
