3. Common Area Maintenance—Septic System Maintenance Standards.

a. The Septic System will be kept in good order and repair. The Owners will be solely responsible for costs of maintenance of the Septic System. Such maintenance obligations shall not affect the Owner's rights to or claims against third parties for damages or contribution for damages to the Septic System exceeding ordinary wear and tear.

b. Unless a special assessment is approved for improvements and repairs under the provisions of this Declaration, upkeep and maintenance of the Septic System will be limited to that required by virtue of ordinary wear. The terms of this Declaration shall not be construed to obligate the Owners to correct or repair any damage to the Septic System due to use solely attributable to any party having rights to the Septic System.

4. Owner's Responsibility for Repairs. Each Owner shall repair or cause to be repaired, at the Owner's own expense, any damage caused by such Owner to the Septic System that exceeds ordinary wear and tear via usage for ordinary family and residential purposes.

5. Unobstructed Passage. No Owner shall obstruct, hinder, or interfere, or permit the obstruction, hindrance or interference, with the free and uninterrupted use of the Septic System access by all Owners.

6. Assessments. Each Owner is required to pay annual and special assessments.

a. Each Lot shall be assessed and the Owner or Owners thereof shall pay a fraction of said requirements, the numerator of which shall be one (1) and the denominator of which shall be equal to the number of Lots subject to this Declaration. The maximum annual assessment for an Owner of a single Lot shall not exceed One Hundred Dollars (\$100.00) unless so approved by Owners entitled to vote for sixty percent (60%) of all Lots at an annual or special meeting. The sum due the Owners from each individual Owner shall constitute an assessment of Owners and unpaid assessments

shall constitute liens on the individual Lots, subject to foreclosure as hereinafter provided.

The annual Assessments shall be due and payable within thirty (30) days after the annual meeting.

b. Special Assessments. In addition to the annual assessments, the Owners may levy special assessments in any year for the purpose of defraying the cost of any necessary construction or reconstruction, or unexpected repair or replacement, of any portion of the Septic System and improvements, including the necessary fixtures and personal property related thereto, and the establishment of reasonable reserves and payment of debts associated therewith, provided that such special assessment shall have the assent of Owners voting for at least sixty percent (60%) of the Lots at the annual meeting or a special meeting called for such purpose.

Special assessments shall be due and payable within thirty (30) days of written notice of any approval of a special assessment unless the Owners adopt another due date, which shall be not less than thirty (30) days after written notice of such approval.

c. Effect of Non-Payment of Assessment. If any assessment or any other charges payable pursuant to this Declaration are not paid on the date when due as provided herein, then such assessments and charges shall become delinquent and shall, together with interest thereon and costs of collection, become a continuing lien upon the Lot and appurtenant easements against which such assessments are made and shall bind such property in the hands of the then Owner, his or her heirs, devisees, personal representatives, successors, and assigns. Such lien shall be prior to all other liens except: (a) tax or assessment liens on the lot by the taxing subdivision of any governmental authority, including but not limited to State, County, and Town taxing agencies; and (b) all sums unpaid on any first mortgage of record encumbering the Lot. The personal obligation of the then Owner to pay such assessment or charges shall remain the Owner's personal obligation and shall not pass to the Owner's successors in title (except insofar as the Lot remains subject to the lien imposed by this Declaration) unless expressly assumed by them.

If any assessment or charges are not paid within thirty (30) days after the delinquent date, the assessments or charges shall bear interest from the date of delinquency at the rate of five percent (5%) per annum and the Owners may bring an action at law against the person personally obligated to pay the same or to foreclose the lien against the property, and there shall be added to the amount of such assessment or charges the costs of preparing and filing the complaint in such action, and in the event a judgment is obtained, such judgment shall include interest on the assessment or charges as above provided and a reasonable attorney fee to be fixed by the court, together with the costs of the action. No Owner may waive or otherwise escape liability for assessments provided herein by non-use of his or her Lot.

7. Enforcement. Each Owner shall have the right to enforce this Agreement against any other Owner by legal or equitable action.

8. Amendment. This Declaration may be amended only by a written agreement of all of the Owners. The covenants and restrictions of this Declaration shall run with and bind the land. Any amendment must be recorded.

9. Successors and Assigns. This Declaration shall be binding upon and inure to the benefit of the undersigned and their respective heirs, successors, and assigns.

IN WITNESS WHEREOF, the undersigned have executed this instrument this ____ day of _____, 2015.
