Subject: Fire Alarm System Review 51 Baxter Blvd, Portland, ME

I performed a review of the fire alarm system design drawings for 51 Baxter Rd, Portland Maine. The submittal package included the floor plans, riser diagram, battery calculations, and cut sheets.

I found that the revision, dated February 23, 2017, of the fire alarm system design to be code compliant and adequately support the fire detection, alarm and notification requirements of this facility.
