Hi David

Gearing up for our 24th running this October and checking in to see if it is ok again to use your property....portable toilets, dumpsters and perhaps a tent or two. As always, we will leave your property spotless. Dumpsters and tent to arrive on Friday Oct 2, portable toilets on Saturday Oct 3. toilets and tents to be removed Sunday and the dumpsters first thing Monday morning.

If you are ok with this, please let me know and also, I need in writing (or a return emailing) stating that we have permission to set up a tent or two on your property at 15 Baxter Blvd.. I need this approval in order to get a tent permit from the city.

Thanks
