Re: University of Southern Maine
Department Reorganization Project 2015-011
Portland, Maine
No. 15457
Building Permit Application - BP#2015-02068, 44 Bedford Street

Dear Laurie:

This letter is intended to clarify the building permit application for the above project. Specifically, the permit contains the construction documents prepared by Harriman and issued to the contractor for the purpose of bidding and ultimately construction of a single project.

The project encompasses two distinct locations on the Portland campus of the University of Southern Maine – one at Luther Bonney Hall and the other at the Glickman Library. Both locations are being funded and constructed under a single contract with both the designer (Harriman) and general contractor (C. M. Cimino). For this reason, the documents, both plans and specifications, have been developed as a unitary, integrated set.

Because of the uniqueness of this situation, and upon the request of the City of Portland, we are submitting (under separate cover) code analysis for each project separately.

We hope clarification is helpful. Please do not hesitate to contact me if you need anything further.
