## Letter of Transmittal

**TO:** JCN Construction

**Date:** March 1, 2016

**RE:** Science Building C300

**Attention:** Tom Banks

Tom,

This letter certifies that all glass provided for the above referenced project meets the requirements of both ASTM C-1036 and ASTM C-1048; the standard specifications for flat and heat treated glass. All units supplied for this project are fully tempered and meet the test requirements of ANSI Z97.1 and the CSPC standard for architectural glazing materials, 16 CFR 1201, categories I and II.

This glass was fabricated and tempered in Westbrook Maine by Sigco Inc. Purchase orders T1215 (Type B borrowed lites), and T1227 (door lites and all other borrowed lites).

Signed: Tobias Parkhurst Date: March 1, 2016
