RE: Scope of Work USM Central Heating Plant

Mancini Electric will be installing a new addressable fire alarm system for the USM Central Heating Plant located on Durham St.

The main fire alarm panel will be located in the Boiler Operator Office 102. Point specific information will be reported from the fire alarm panel to the campus wide Onxyworks System located on the Gorham campus.

Norris Inc. will provide the fire alarm equipment, submittal documents, fire alarm permits, and final connections and testing per City of Portland requirements.
