Miss Lorita Cyr
11 William Street
Portland, Maine

Subject: Question of business use of a building in an Apartment House Zone contrary to the Zoning Ordinance.

Dear Madam:

At my request an Inspector from this office finds that you are starting in a small way a retail business in fur coats and perhaps other fur pieces at 11-13 William Street, that you have one or more small signs in the window advertising this business. I also understand that you have been advertising business at this location over the radio.

This property under the Zoning Law is located in an Apartment House Zone where no business can be established or conducted unless it so happens that existed at the same location as a use non-conforming with the law in December, 1933 when the law became effective.

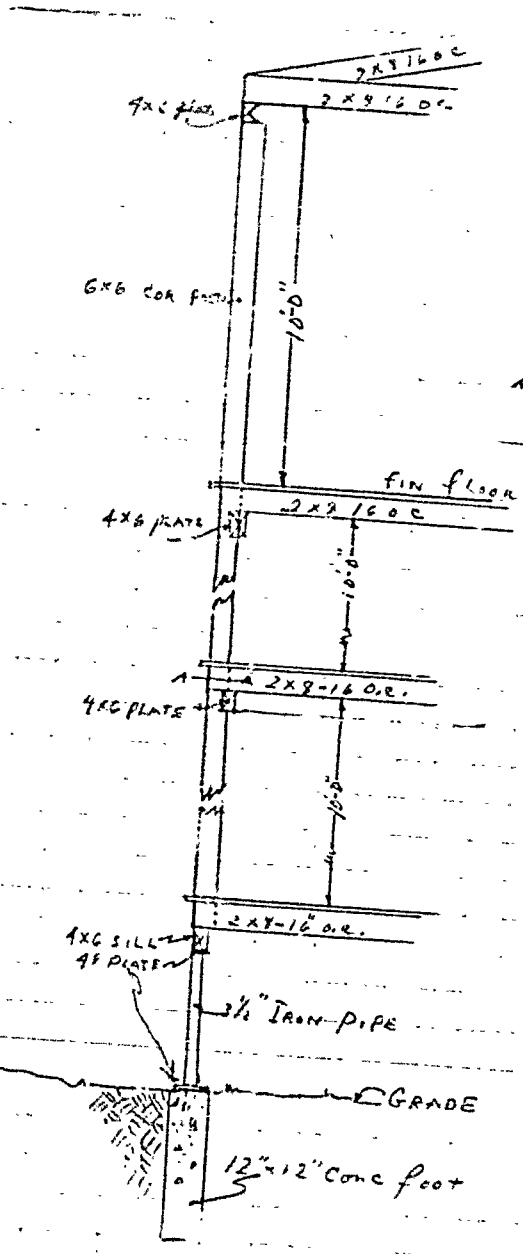

Obviously any business that you are now establishing regardless of its size is in violation of the Zoning Law, and this is your notice so that you can make arrangements to discontinue this practice at once.

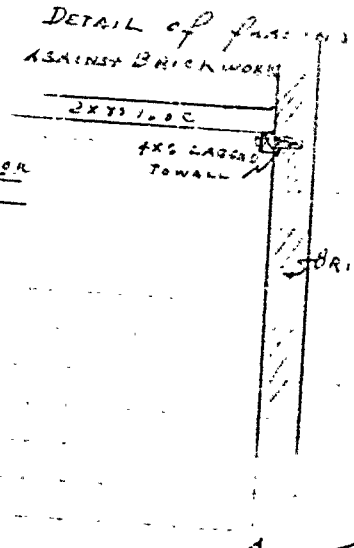

Very truly yours,

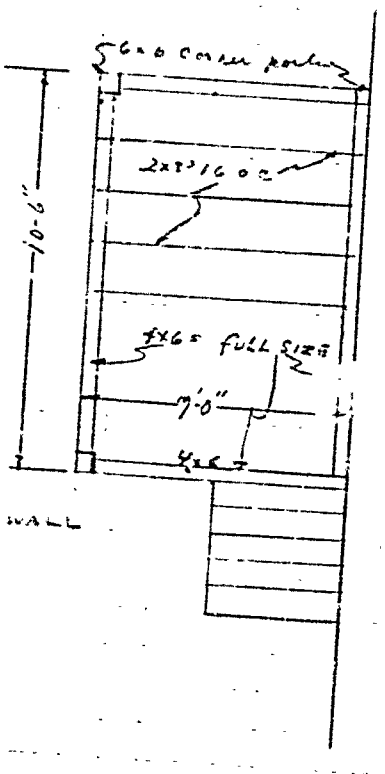

Inspector of Buildings

WMcD/S

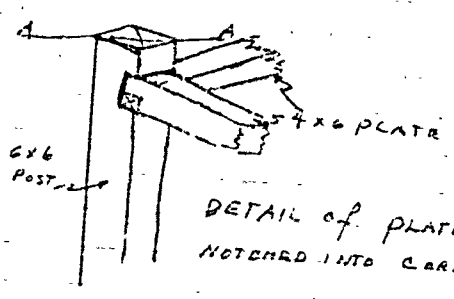

CC: Gussie R. Cutler

APPLICATION FOR PERMIT

Class of Building or Type of Structure Second Class

Permit No. (illegible)

JUN 17

Portland, Maine June 15, 1942

To the INSPECTOR OF BUILDINGS, PORTLAND, ME.

The undersigned hereby applies for a permit to erect alter install the following building structure equipment in accordance with the laws of the State of Maine, the Building Code of the City of Portland, plans and specifications, if any, submitted herewith and the following specifications:

Location 11 William Street Within Fire Limits? ~~No~~ Dist. No. ~~III~~

Owner's ~~or Lessee's~~ name and address David Cutler, 11 William Street Telephone

Contractor's name and address Robert A. Verrier, 615 Congress Street Telephone 3-3161

Architect Plans filed yes No. of sheets 1

Proposed use of building Tenement No. families 3

Other buildings on same lot garage

Estimated cost $ 500. Fee $ 1.00

Description of Present Building to be Altered

Memorandum from Department of Building Inspection, Portland, Maine

11 William St.--Rebuilding rear porch for David Cutler by Robert A. Verrier, Builder-6/17/42

To Owner and Builder:

The 4x6 sill and beams above to support outer ends of floor and roof joists do not work out well to satisfy the Code, being on a span of about 10 ft. You could use either 6x6 or 4x8 hemlock or spruce for these bearing girders or 4x6 genuine Douglas Fir; or you could use the 4x6 hemlock, if you care to put in short 4x4 knee braces under each end of each bearing 4x6 from beam to post, putting a 2x4 spiked to posts under the heel of each bbrace and a 2x4 spiked to under side of each 4x6 between the toes of the two braces under a given beam.

Iron pipe posts ought to be fastened to sill above and to piers below.

The Code would alllow all floor and roof joists on 7 foot spans to be 2x6 if you desie to use them.

CC Mr. David Cutler,
11 William St.

(*Signed*) Warren McDonald
Inspector of Buildings

Attn: Samuel Hoffses

Dear Sam:

Enclosed please fine an application for Condominium Conversion Permit. My name is Stephen Morrison and the other two people involved are John McIntosh and William Dowd.

This conversion is for investment purposes only and none of the tenants will be asked to leave. I've talked with Richard Flewelling about this so if there are any questions, please consult him. He felt that the pages I left blank did not need to be filled out that's why they are not.

I've enclosed a check for $75.00 to cover application fee. Please call me if there is anything I can do to speed up the process.

Thank you,

Stephen Morrison

RE: 11-13 Williams Street

Dear Sir:

The following items would need completion if there is a condo conversion at the above address.

--- Basement - separate the range runs to the first and third floors. Have access for each tenant to service area.

--- Rear halls need wall switches and lights.

--- All baths need G.F.I. receptacles.

--- Probably an additional three or four outlets per apartment to cover areas not now covered.

Very truly yours,

RL

Richard I. Libby
Electrical Inspector
