Re: 45-47 Falmouth Street

(116-D-15)

To whom it may concern:

- The extent of the work at 45 Falmouth Street, Unit 3W will include:
- Upon removal of existing kitchen cabinets, the original horse hair plaster disintegrated and fell off the wall. It became apparent the blown in insulation was beyond insufficient. It will require removal of the lath and reinsulate with 3.5 inch fiberglass insulation.
- Wall surface will be recovered with ½ drywall.
- New cabinets will be installed on new wall as previously installed before removal.
