has been changed to a permitted use, it shall not thereafter be changed back to any non-permitted use. For purposes of this section, a use shall be deemed to have been so changed when an existing nonconforming use shall have been terminated and a permitted use shall have commenced and continued for a period of seven (7) days. Any change of use in violation of this division shall be deemed to be an abandonment of the lawfully existing nonconforming use. A lawful nonconforming use in a structure not designed for a use permitted in the zone in which it is located shall not be changed to any use other than a use permitted in the zone in which the use is located or to any use other than a nonconforming use of a more restricted zone, as set forth in the following schedule, provided that in no such case shall any structural alterations be made in any building except those required by law, ordinance or other regulations:

- (a) In a business zone, from any use permitted in an industrial zone to any use permitted in a business zone.
- (b) In a B-1 zone, from any use permitted in a B-3 zone to any use permitted in a B-2 zone.
- (c) In a residence zone, from any use permitted in a B-2 zone to any use permitted in a B-1 zone.
- (d) In a residence zone, from any use permitted in any other residence zone to any use permitted in a more restricted residence zone. For the purpose of this subsection, an R-6 zone shall be deemed the least restricted and an R-2 zone shall be deemed the most restricted, with the intervening zones restricted in order of zone number.

Sec. 14-385. Restoration or reconstruction within an existing footprint of damaged nonconforming structure.

A nonconforming structure damaged by fire, explosion, flood, riot, act of the public enemy, accident of any kind, decay or otherwise may be restored or rebuilt only where:

- yes* (a) The restoration or reconstruction is of a building which is nonconforming only as to land area, setbacks or any other dimensional requirements; and
- (b) Where the restoration or reconstruction will occur

entirely within the existing footprint and previous shell of the building and will not create a new nonconformity; and

- (c) Restoration or reconstruction occurs within one (1) year for a nonconforming non-residential structure, or two (2) years for a nonconforming residential structure, of the initial damage where such damage is sudden and accidental. Note that for buildings in Shoreland zones, site regulations may also govern and provide for a shorter period for restoration or reconstruction of non-conforming structures; and
- (d) Restoration or reconstruction necessitated by decay must be completed within one (1) year of the demolition of the building or the commencement of the restoration or reconstruction, whichever occurs first; and
- (e) Any reconstruction, under this provision, in the residential R-6 zone on a lot with 10,000 square feet or less, other than the exact restoration of a previously existing building on the site, shall comply with the applicable standards contained within the Planning and Development Design Manual; and
- (f) A nonconforming building located in the R-6 which is destroyed by fire, explosion, flood, riot, act of the enemy, or accident may be rebuilt under the small residential lot development provisions of the R-6 zone as if the lot were vacant as of January 1, 2005 and such reconstruction shall meet the setback requirements contained therein to the extent practicable; otherwise the building shall be reconstructed within the footprint of the previously existing building such that any nonconformity will not be enlarged.

For the purpose of this section, the footprint of a building is the perimeter of the foundation supporting a structure.
