CITY OF PORTLAND, MAINE
IN THE BOARD OF APPEALS

VARIANCE APPEAL

W. Russell Edwards, Jr., owner of property at 75 Fessenden Street
under the provisions of Section 24 of the Zoning Ordinance of the City of Portland,
hereby respectfully petitions the Board of Appeals for a variance from the provisions of
said Ordinance to permit changing the use of the building from a two-family dwelling
to a three-family apartment house with one apartment on each of the three floors.
This permit is presently not issuable under the Zoning Ordinance because: (1) The
proposed use is not allowable in the B-2 Residential Zone in which the property is
located; (2) The lot on which the dwelling is located has an area of only 5,552 square
feet whereas Section 5-B-8 of the Ordinance requires at least 3,000 square feet per
family or 9,000 square feet for a three-family apartment house.

LEGAL BASIS OF APPEAL: Such variance may be granted only if the Board of Appeals
finds that the strict application of the provisions of the Ordinance would result in
undue hardship in the development of property which is inconsistent with the intent and
purpose of the Ordinance; that there are exceptional or unique circumstances relating
to the property that do not generally apply to other property in the same zone or
neighborhood, which have not arisen as a result of action of the applicant subsequent
to the adoption of this Ordinance whether in violation of the provisions of the
Ordinance or not; that property in the same zone or neighborhood will not be adversely
affected by the granting of the variance; and that the granting of the variance will
not be contrary to the intent and purpose of the Ordinance.

W. Russell Edwards, Jr.
APPELLANT

DECISION

After public hearing held April 13, 1967, the Board of Appeals finds that
all of the above conditions do not exist with respect to this property and that a
variance should not be granted in this case.

It is, therefore, determined that a variance from the provisions of the Zoning Ordinance
should not be granted in this case.
