Tori,

Here are all of the documents, including the checklist, for our kitchen remodeling project.

Rough window sizes:

2 Existing windows: 2'-3" x 3'-4" and 2'-7" x 5'-8"

2 New windows: 2'-3" x 3'-8" and 2'-7" x 3'-8"

We are just changing the sill height and using the same header so we can fit a counter under the window sill.

Let me know if you have any questions or need further information. Thanks!
