Rept. 56440-I

October 6, 1933

Edwards & Walker Co.,
5 Monument Square,
Portland, Maine

Gentlemen:

Enclosed is the permit covering installation of an oil-fired garage heater for Robert Frates in his garage at 337 Deering Avenue.

You have entered on the application that the heater will be a Mesco, Model 510. Under the law the type of garage heater used must be approved by the Fire Department.

Chief Sanborn has given approval to a Mesco circulating oil heater, bowl burner type, manufactured by the National Enameling and Stamping Company provided the openings are properly screened, and the stove is fastened securely to the floor. We are unable to establish whether or not this Model 510 is the stove approved by the Chief.

Perhaps you will straighten that out with Chief Sanborn, if you do not already know so that the circumstance may not arise whereby the installed heater does not comply with the Code.

In any event it is evident that a fine mesh brass gauze will be required over the air intake hole at the bottom of the heater.

Very truly yours,

WMCD/H
CC: Robert Frates,

8/16/34 Concrete
wall poured - AGS

June 9, 1927

A. A. Prates
337 Deering Avenue
Portland, Maine

Dear Sir:

Referring to your application for a building permit to cover the erection of a private garage in the rear of your building at 337 Deering Avenue, apparently the building is intended to store three cars.

Your property is located in a General Residence Zone. In such a zone, a private garage is considered as an accessory building to a dwelling house and is therefore permissible, but the number of cars permitted is limited by the number of families accommodated on the same premises. In your case, there appears to be two families living in the dwelling house on this lot. Under these circumstances, the lot is limited to two car storage.

Accordingly it is necessary to deny the permit for a three car garage. If you see fit to reduce the size of the building and the number of cars to be accommodated to two cars and will come to this office and so indicate upon your location plan and application, the permit can doubtless be issued lawfully. If, on the other hand, you conclude that you will not proceed with the work, the fee paid to this office will be refunded if the receipt is returned on or before June 22nd, 1927.

Yours truly,

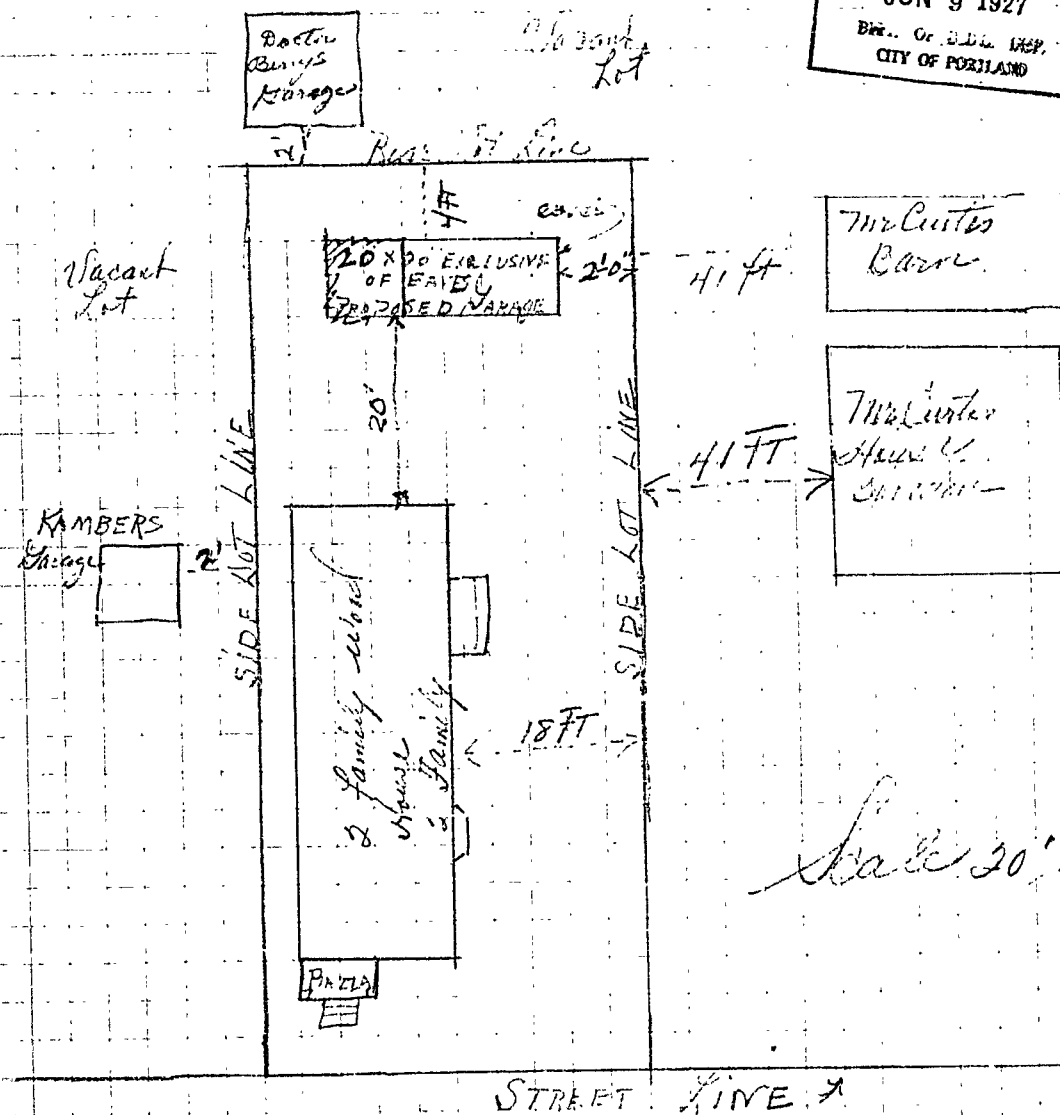

Inspector of Buildings

Re: 337 Deering Avenue 117-D-3

Dear Ms. Campbell:

A recent inspection was made by Code Enforcement Officer Gayton Bartlett of the property owned by you at 337 Deering Avenue, Portland, Maine. As a result of the inspection, you are ordered to correct the following conditions that exist: Unlawful Change of Use

103.2 Change in use: It shall be unlawful to make any change in the use or occupancy of any structure or portion thereof which would subject it to any special provisions of this code without approval of the building official, and the building official's certification that such structure meets the intent of the provisions of law governing building construction for the proposed new use and occupancy, and that such change does not result in any greater hazard to public safety or welfare.

The above mentioned conditions are in violation of Section 103.2 of the 1981 BOCA Building Code, and must be corrected on or before March 25, 1983. Failure to comply with this order will result in a complaint being filed for prosecution in District Court.

Please contact this office if you have any questions regarding this notice.

Very truly yours,

P. Samuel Hoffses

Re: 337 Deering Avenue

Dear Mrs. Campbell:

Referring to your letter to me dated May 11, 1983, the Building Inspections records indicate that your property at 337, Deering Avenue is listed for 2 dwelling units as does the Assessor's records. Inspector Bartlett's inspection revealed that a 3rd apartment was installed which results in an illegal change of use of the building. The file also shows that you were notified on March 18, 1983 and advised that the condition must be corrected. If you are to continue to use the building, as it is now defined by the inspector, certain steps should be taken by you to insure that it is a legal use.

You should first apply to the Building Inspections office for the necessary "change of use" permit to change from a 2 to a 3 family structure which would include the additional unit on the 3rd floor. If the permit is denied because of insufficient square footage of the lot, you then would have the right to appeal to the Appeals Board. I realize that an appeal may initially cost you a few dollars, but it could save you many more dollars if you may sometime wish to sell the property.

If I can be of any further service, please do not hesitate to let me know.

Very truly yours,

Lyle D. Noyes

Dear Ms. Campbell:

This office has been advised that there is a furniture-making business being conducted on the premises of your residential building in the R-5 Residence Zone. If this is being carried on as a home occupation, then a change of use permit should be applied for, in accordance with Section 14-410 of the City Zoning Ordinance.

A copy of the Section of the Zoning Ordinance concerning "home occupations" is enclosed for your information.

Sincerely,

Warren J. Turner

Referring to your letter to me dated May 11, 1983, the building inspection records indicate that your property at 337 Decree Avenue is listed for 2 dwelling units, as does the assessor's records. Inspector Bartlett's inspection revealed that a third apartment was installed which results in an illegal change of use of the building. The file also shows that you were notified on March 18, 1983 + advised that the condition must be corrected. If you are to continue to use the building, action now defined by the inspector, certain steps should be taken by you to ensure that it is a legal use.

You should first apply to the building inspection office for the necessary "change of use" permit to change from a two to a three family structure which would include the additional unit on the third floor. If the permit is denied because of insufficient square footage of the lot, you then would have to appeal to the Appeals Board. I realize that an appeal may initially cost you a few dollars but it could save you many more dollars if you may not have much to sell the property.

If I can be of any further service please do not hesitate to let me know.

V T J
J. D. H. Prop Services Inc.

May 11, 1983

Mr. K. Hayes

My name is Helen M. Campbell, and I am writing in regard to a problem I am having with housing inspectors, about the third floor of the house I own at 337 Dering Ave. Portland. In the fall of 1982 I applied for a low interest loan from the City of Portland to repair and winterize my house at 337 Dering Ave.

At that time housing inspector Kevin Carroll was sent out to inspect for violations, and at the time he told me I would have to remove from the 3rd floor, a kitchen stove and a wash basin in the bathroom, which I did. When Mr. Carroll came back to inspect again he said it was OK. I also have a refrigerator and Mr. Carroll told me I could have a ref. in any room I wished.

On the strength of this O.K. We went ahead with the loan and had the work and the violations taken care of. In the process of the work being done another inspector was sent out, as Mr. Carroll was transferred to another sector. Housing inspector Bartlett then told

me the third floor was illegal because it had the potential for a third unit.

I told Mr. Bartlett that I spent only a few hours on Sundays at 337 Quering Ave. He said he didn't care if I was only there 2 hrs a week. It was still illegal. I asked Mr. Bartlett what he wanted me to do. He said evict the people on the 2nd floor and use the 3rd floor in conjunction with the 2nd floor. I cannot see evicting tenants from an apt. that will just stand empty as I am a live-in housekeeper for an invalid and only have a few hours off on Sunday, which I spend on the third floor of my house at 337 Quering Ave.

Another recourse is to appeal, but I tried once and I was told I did not have enough sq. footage. I was told I could appeal again, but I would have to make two appeals and it would cost me \$100.00 and was guaranteed nothing. I cannot afford to keep making appeals and I need the income from the 2nd floor apt. to help pay expenses.

I would appreciate any help you could give in straightening out this situation.

Thank you -
Mrs. Helen Campbell

March 18, 1983

Ms. Helene M. Campbell
337 Deering Avenue
Portland, Maine 04102

Re: 337 Deering Avenue 117-D-3

Dear Ms. Campbell:

A recent inspection was made by Code Enforcement Officer Gayton Bartlett of the property owned by you at 337 Deering Avenue, Portland, Maine. As a result of the inspection, you are ordered to correct the following conditions that exist: Unlawful Change of Use

103.2 Change in use: It shall be unlawful to make any change in the use or occupancy of any structure or portion thereof which would subject it to any special provisions of this code without approval of the building official, and the building official's certification that such structure meets the intent of the provisions of law governing building construction for the proposed new use and occupancy, and that such change does not result in any greater hazard to public safety or welfare.

The above mentioned conditions are in violation of Section 103.2 of the 1981 BOCA Building Code, and must be corrected on or before March 25, 1983. Failure to comply with this order will result in a complaint being filed for prosecution in District Court.

Please contact this office if you have any questions regarding this notice.

Very truly yours,

P. Samuel Hoffses
Chief of Inspection Services

RE: 337 Deering Avenue

Lee & Grace Morin
337 Deering Ave.
Portland, ME 04103

Dear Ms. Morin,

Your application to construct a 16' X 16' addition has been reviewed and a permit is herewith issued subject to the following requirements: This permit does not preclude the applicant from meeting applicable State and Federal laws.

No Certificate of Occupancy can be issued until all requirements of this letter are met.

1. This permit is being issued with the understanding that the proposed addition is one(1-1/2) story high.
2. The minimum side yard setback is 8 feet. This requires 5-foot setback as per section 14-433 WDAH
3. Please read and implement items 1, 5, 6, 7, 9, 13 and 14 of the attached building permit report.

If you have any questions regarding these requirements, please do not hesitate to contact this office.

Sincerely,

S. Samuel Hoffses
Chief of Inspection Services
