Abram Environmental

Outline Of Services

**Prepared For: James Pierce
Katherine Lesser
22 Orland St.
Portland, Maine 04103**

DATE: September 1, 2016

Abram Environmental is pleased to inform you of the following asbestos cleanup conducted at 22 Orland Street located in Portland, Maine. Abram conducted an asbestos cleanup on August 31, 2016 at this residence. The following remediation services have been conducted:

Removal Whole Component Of Asbestos Containing Transite Siding Material: All work operations performed were in compliance with the asbestos regulations as set forth in both *OSHA 29 CFR Part 1926.1101 and 1910.1001*, and the *State of Maine DEP Regulations, Chapter 425*.

All of the asbestos remediation related work was performed by asbestos abatement certified personnel (*State of Maine*).

The asbestos waste was contained in two layers of 6-mil polyethylene sheeting and labeled in accordance with 29 CFR 1910.1001. The generated asbestos waste is being disposed of at a ME DEP approved landfill facility. There were a total of 4 bags of asbestos waste.

Abram Environmental visually accessed the work area. The visual evaluation by Abram complied with Maine DEP CMR 425.10 (d)(1).

If you have any questions or concerns regarding this project, please contact me at (207) 892-7045. We appreciate the opportunity to assist you with your environmental needs. Thank you for your time.

Sincerely,

Colin Beckwith
President
