PERMIT ISSUED

Permit No. 175

Nov. 2 1940

APPLICATION FOR PERMIT FOR HEATING, COOKING OR POWER EQUIPMENT

To the INSPECTOR OF BUILDINGS, PORTLAND, ME.

The undersigned hereby applies for a permit to install the following heating, cooking or power equipment in accordance with the Laws of Maine, the Building Code of the City of Portland, and the following specifications:

Location 62-64 Craigie Street Use of Building dwelling No. Stories 2 New Building

Name and address of owner of appliance Lloyd Worth, 330 Forest Avenue

Installer's name and address Wilbur F. Lunt, 79 Winter St. Telephone 4-3031

General Description of Work

To install oil fired air conditioning system

IF HEATER, POWER BOILER OR COOKING DEVICE

Memorandum from Department of Building Inspection, Portland, Maine

62-64 Craigie - installation of heating water - Owner, Lloyd Worth - Installer, Wilbur F. Lunt 11/2/40

To Owner and Installer:

This heater is to be located in an unusually long run of smokepipe with several elbows in it. There does not seem to be nothing about it contrary to the Building Code, but I can think of a number of things that may make it undesirable to the owner's standpoint. I presume you have competent heating engineer's advice to the effect that it will undoubtedly work all right.

I cannot especially approve the arrangement as I am sure I would not want it in a house that I owned.

CC Mr. Lloyd Worth, 330 Forest Ave.

NOTES

P. 43/1117-I

August 12, 1940

Mr. Carroll L. Beck,
647 Westbrook Street,
Portland, Maine

Dear Sir:

We are unable to issue the building permit covering construction of a combined dwelling house and garage for Mr. Lloyd Worth at 62-64 Craigie Street, because the plans of the first floor framing showing the structural steel beams have not been furnished.

About 10 days ago Mr. Worth came in and talked about this house saying that he planned to use second-hand steel beams instead of a wooden girder in the collar. At that time I told him that the Building Code requires that a designed plan of the steel be furnished carrying upon it the statement of design, signed by some person competent to design the steel based upon the actual theoretical loads and the allowable strength of steel; also that we must have a statement from the seller of the used steel, showing over his signature the amount and character of the beams to be furnished, out of what building or structure the steel came, and a statement to the effect that the steel had not been damaged in a fire or wreck.

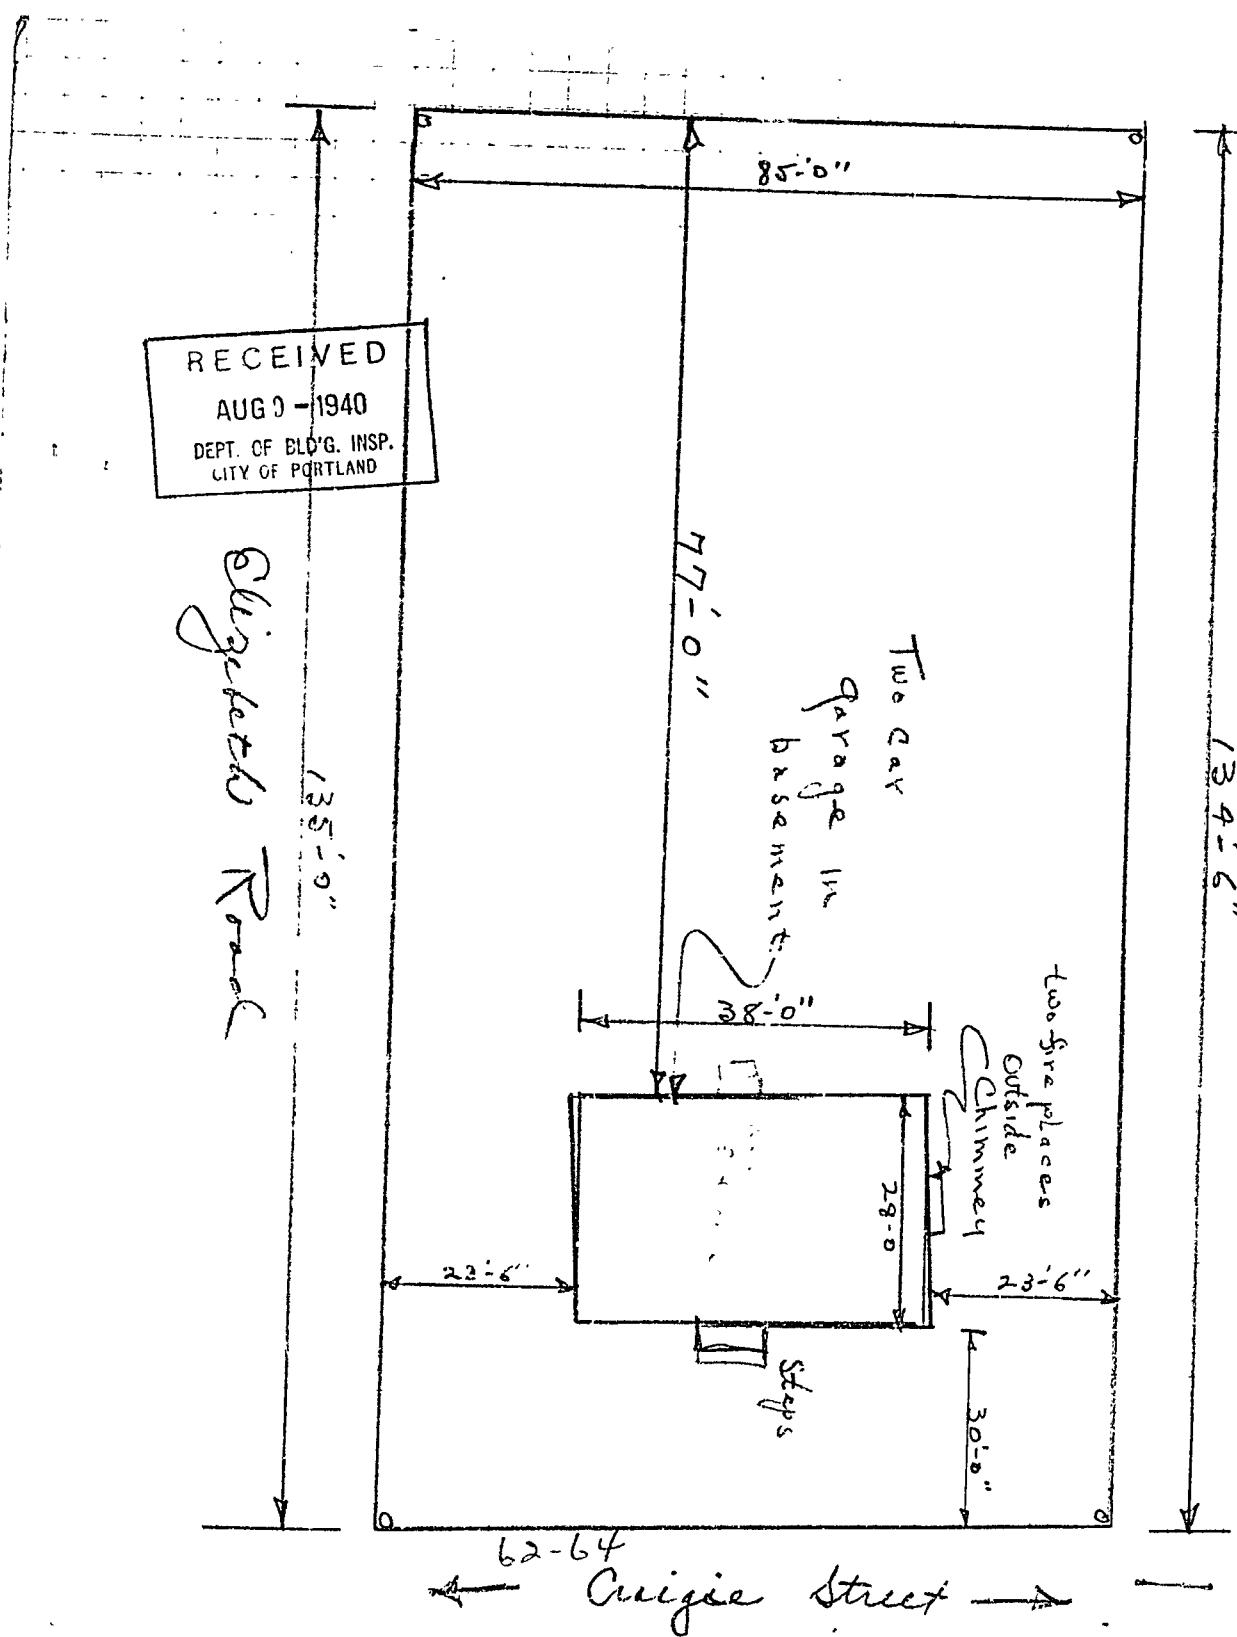

Mr. Worth is receiving a copy of this letter, and I am in hopes he will not delay much longer sending in the plan, so that we may check it, and if everything is found in order, issue the permit.

Very truly yours,

Wich/H

Appeal to the Municipal Officers to Change the Decision of the

Inspector of Buildings Relating to the Property Ow

143

by George R. Marsh 60-62 Craigie Street
(Corner Elizabeth Road)

July 14, 1938.

To the Municipal Officers:

Your appellant, George R. Marsh

who is the ~~prospective~~ owner of property at 60-62 Craigie Street

respectfully petitions the Municipal Officers of the City of Portland to change the decision of the Inspector of Buildings relating to this property, as provided by Section 13, Paragraph c, of the Zoning Ordinance, on the ground that the enforcement of the ordinance in this case involves unnecessary hardship and because relief may be granted without substantially derogating from the intent and purpose of the Zoning Ordinance.

The decision of the Inspector of Buildings denies a permit to construct a single family dwelling house on the above property because the front of the house is proposed only fifteen feet from the street line of Craigie Street in a Single Residence Zone where twenty feet is required by the precise terms of the Zoning Ordinance.

The reasons for the appeal are as follows. There is a valuable tree on this lot which would have to be sacrificed if the legal setback is observed, the normal location of the house would require more expense in the way of filling, and as Craigie Street is planned there will be sixteen feet between the curb line and the front line of this lot which will more than offset the five foot deficiency in setback as far as all purposes of the Zoning Ordinance are concerned. This reduced yard space may be permitted without interfering with the light and air of or increasing fire hazard to neighboring property.

PUBLIC HEARING ON THE PETITION OF EDWARD F. NOYES AND OTHERS FOR A FILLING STATION
at 138-207 BRIGHTON AVENUE

July 15, 1938

A public hearing on the above petition was held before the Committee on Zoning and Building Ordinance Appeals today. Present for the city were Councillors Eskilson and Martin, the Corporation Counsel and the Inspector of Buildings.

George F. Noyes appeared in support of the petition for the owners of the land and Mr. Austin of the Texas Company said that his company would lease the property if the petition were successful and that a modern filling station similar to that being erected by the Community Oil Company at the corner of St. John Street and Brighton Avenue, would be erected.

Etta M. Campbell, owner of a dwelling at 28 St. George Street and another vacant lot on St. George Street, appeared in opposition to the petition claiming that the proposed station would diminish the value of surrounding property would make rents less desirable for tenants and therefore reduce rentals, would increase traffic hazards and would produce objectionable noise and odor.

Warren McDonald

City of Portland, Maine
IN BOARD OF MUNICIPAL OFFICERS

ORDERED:

That the appeal under the Zoning Ordinance of George R. Marsh
at 60-62 Craigie Street, corner of Elizabeth Road, relating to the construction
of a dwelling house closer to the street line than ordinarily permitted,
be sustained, and that a building permit be granted to said appellant, subject
to full compliance with all terms of the Building Code;

BECAUSE enforcement of the ordinance in this specific case would
cause unnecessary hardship by needlessly increasing the cost of the building
and sacrificing a valuable tree; and desirable relief may be granted without
substantially derogating from the intent and purpose of the ordinance in
that the proposed location would not interfere with the light and air of or
increase the fire hazard to the neighboring property.

31-54
City of Portland, Maine

IN BOARD OF MUNICIPAL OFFICERS

July 18, 1938

To the Municipal Officers:

The Committee on Zoning and Building Ordinance Appeals to which was referred the appeal under the Zoning Ordinance of George R. Marsh at 60-62 Craigie Street, corner of Elizabeth Road, relating to the construction of a dwelling house closer to the street line of Craigie Street than ordinarily permitted under the precise terms of the Zoning Ordinance in the Single Residence Zone where the property is located, reports that the appeal ought to be sustained.
