Cell: (207)229-1159

Office: (207)602-6300

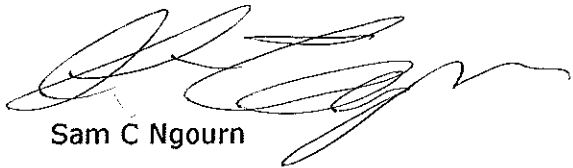

9/11/2013

To Whom It May Concern:

This letter is to inform persons, that ECE LLC, took over the electrical job at 342 Woodford Street in Portland ME. The previous work was done by an unlicensed person and I was called in to rectify the code issues and fix the work done the person had done.

ECE LLC, to the very best of our ability did continuity tests, traced circuits, labeled said circuits and inspected the electrical from what we can visually see to meet all current electrical codes. ECE LLC, can't be held liable issues that can't be seen, that are behind walls of the existing electrical system. ECE LLC, was able to inspect, test and trace work done by unlicensed person and made corrections as needed.

ECE LLC, added smoke and carbon detection to code, installed new service with house panel, labeled electrical panels, separated circuits to each panel, add GFCI protection as needed.

A handwritten signature in black ink, appearing to read 'Sam C Ngourn', written in a cursive style.

Sam C Ngourn
