Reference: New Header or Beam  
79 Highland Street  
Portland Maine

Dear Jarrod,

As we discussed during my time on site, it is your plan to have Structural Integrity inspect the existing conditions and size an appropriate header or beam after the finishes are demolished at the start of your project. This approach was suggested by me as a means of complete an accurate and efficient structural design for your

Do not hesitate to call with any questions, or if I can be of further assistance.

Sincerely,

---

Aaron C. Jones, P.E., SECB, LEED AP  
President
