## Site Requirements

- Clearance** Shed site must be located at least 3' from any fences, trees, etc. Please remove tree branches, brush or other obstacles 3' around perimeter of shed and 12' above ground.
- Land Grade** Must be less than 6" slope from highest to lowest point, with no protruding rocks or stumps in the area.
- Access** Shed is delivered in prefab panels; clear access to site is necessary—stairs, narrow walkways, fences, gates, shrubs, carports, awnings, arbors, etc. may present difficulties and should be brought to the attention of Sheds USA prior to delivery.
- Land Quality** Consider all factors when choosing your site, including proper drainage, firmness of earth, etc.
- Permits** Responsibility of the homeowner. Please contact your local town office soon after ordering your shed to determine any restrictions or setback requirements.
- Shed site** must be 150' or less from where a large tractor-trailer can park. Shed sites 150' - 300' from truck parking area will incur a \$50.00 fee payable to the delivery crew. If your site is farther than 300' please contact our main office.

The above site requirements allow us to build a safe, sturdy shed for our customers. If any of these requirements are not met, your shed may not be built and a fee of \$150.00 will be charged for our crew to return and construct your shed once conditions are met. If this occurs, delivery of your shed materials must be completed and placed on your property, in a location accessible to the final shed site to avoid a 20% re-delivery fee. It is the customer's responsibility to cover the materials with a non-transparent, waterproof material to prevent unnecessary weathering and/or discoloration. All fees are due at time of notification.

## Delivery

- Sheds USA** will acknowledge the receipt of your order by phone or by mail. Please provide a daytime phone number at time of purchase.
- Delivery schedule** will be established by Sheds USA. You will be contacted by phone 1 to 2 weeks in advance.
- Delivery time** will fluctuate based on seasonal volume, weather conditions, etc.
- Delivery date** and installation date may differ.
- Rescheduling** of the delivery/install date will only occur if Sheds USA is forced to so by events out of our control (weather concerns, illness, mechanical or other difficulties). Sheds USA crews deliver/install several sheds per day, therefore the status of one customer's order affects many others. To provide the best service for all of our customers, once a delivery/install date has been agreed to and scheduled by the customer and Sheds USA, postponement or cancellation by the customer will result in a 20% restocking fee.

## Standard Features & Materials

### Roof (peak, extended peak or gambrel—6' wide sheds available in peak roof only)

- 7/16" OSB
- 2"x4" construction, 24" on center
- Self-sealing shingles with 20-year warranty available in black, brown or white/gray

### Roof Heights

- 6' wide peak = 8'    8' wide gambrel = 9'
- 8' wide peak = 8' 5"    10' wide gambrel = 9' 5"
- 10' wide peak = 8' 11"    12' wide gambrel = 9' 10"
- 12' wide peak = 9' 6"

### Walls

- 2"x4" construction, 24" on center
- Smart Panel II: pre-primed siding (vertical)
- Pine: 6" tongue & groove (horizontal)
- Cedar: 6" or 8" tongue & groove (vertical)
- Wall height = 71"; Extended front gable, front wall = 75"
- Maintenance free vinyl siding applied over 1/2" plywood

### Floor (Floor slabs are approximate. If the customer chooses to install a concrete base or footings, they must first contact Sheds USA for exact outside floor measurements.)

- 5/8" OSB tongue and groove
- Pressure treated floor joists standard
- Optional pressure treated plywood available
- 2"x4" construction, 16" on center for 6' & 8' wide units
- Optional 2"x6" floor joists available for 6' & 8' wide units
- 2"x6" construction, 16" on center for 10' & 12' wide units
- Concrete block supports—4 corners, front & back center of outside frame
- Pressure treated 4x4 center beam on all 12' wide sheds

If preparing your own foundation/footing, please call Sheds USA for exact outside floor dimensions.

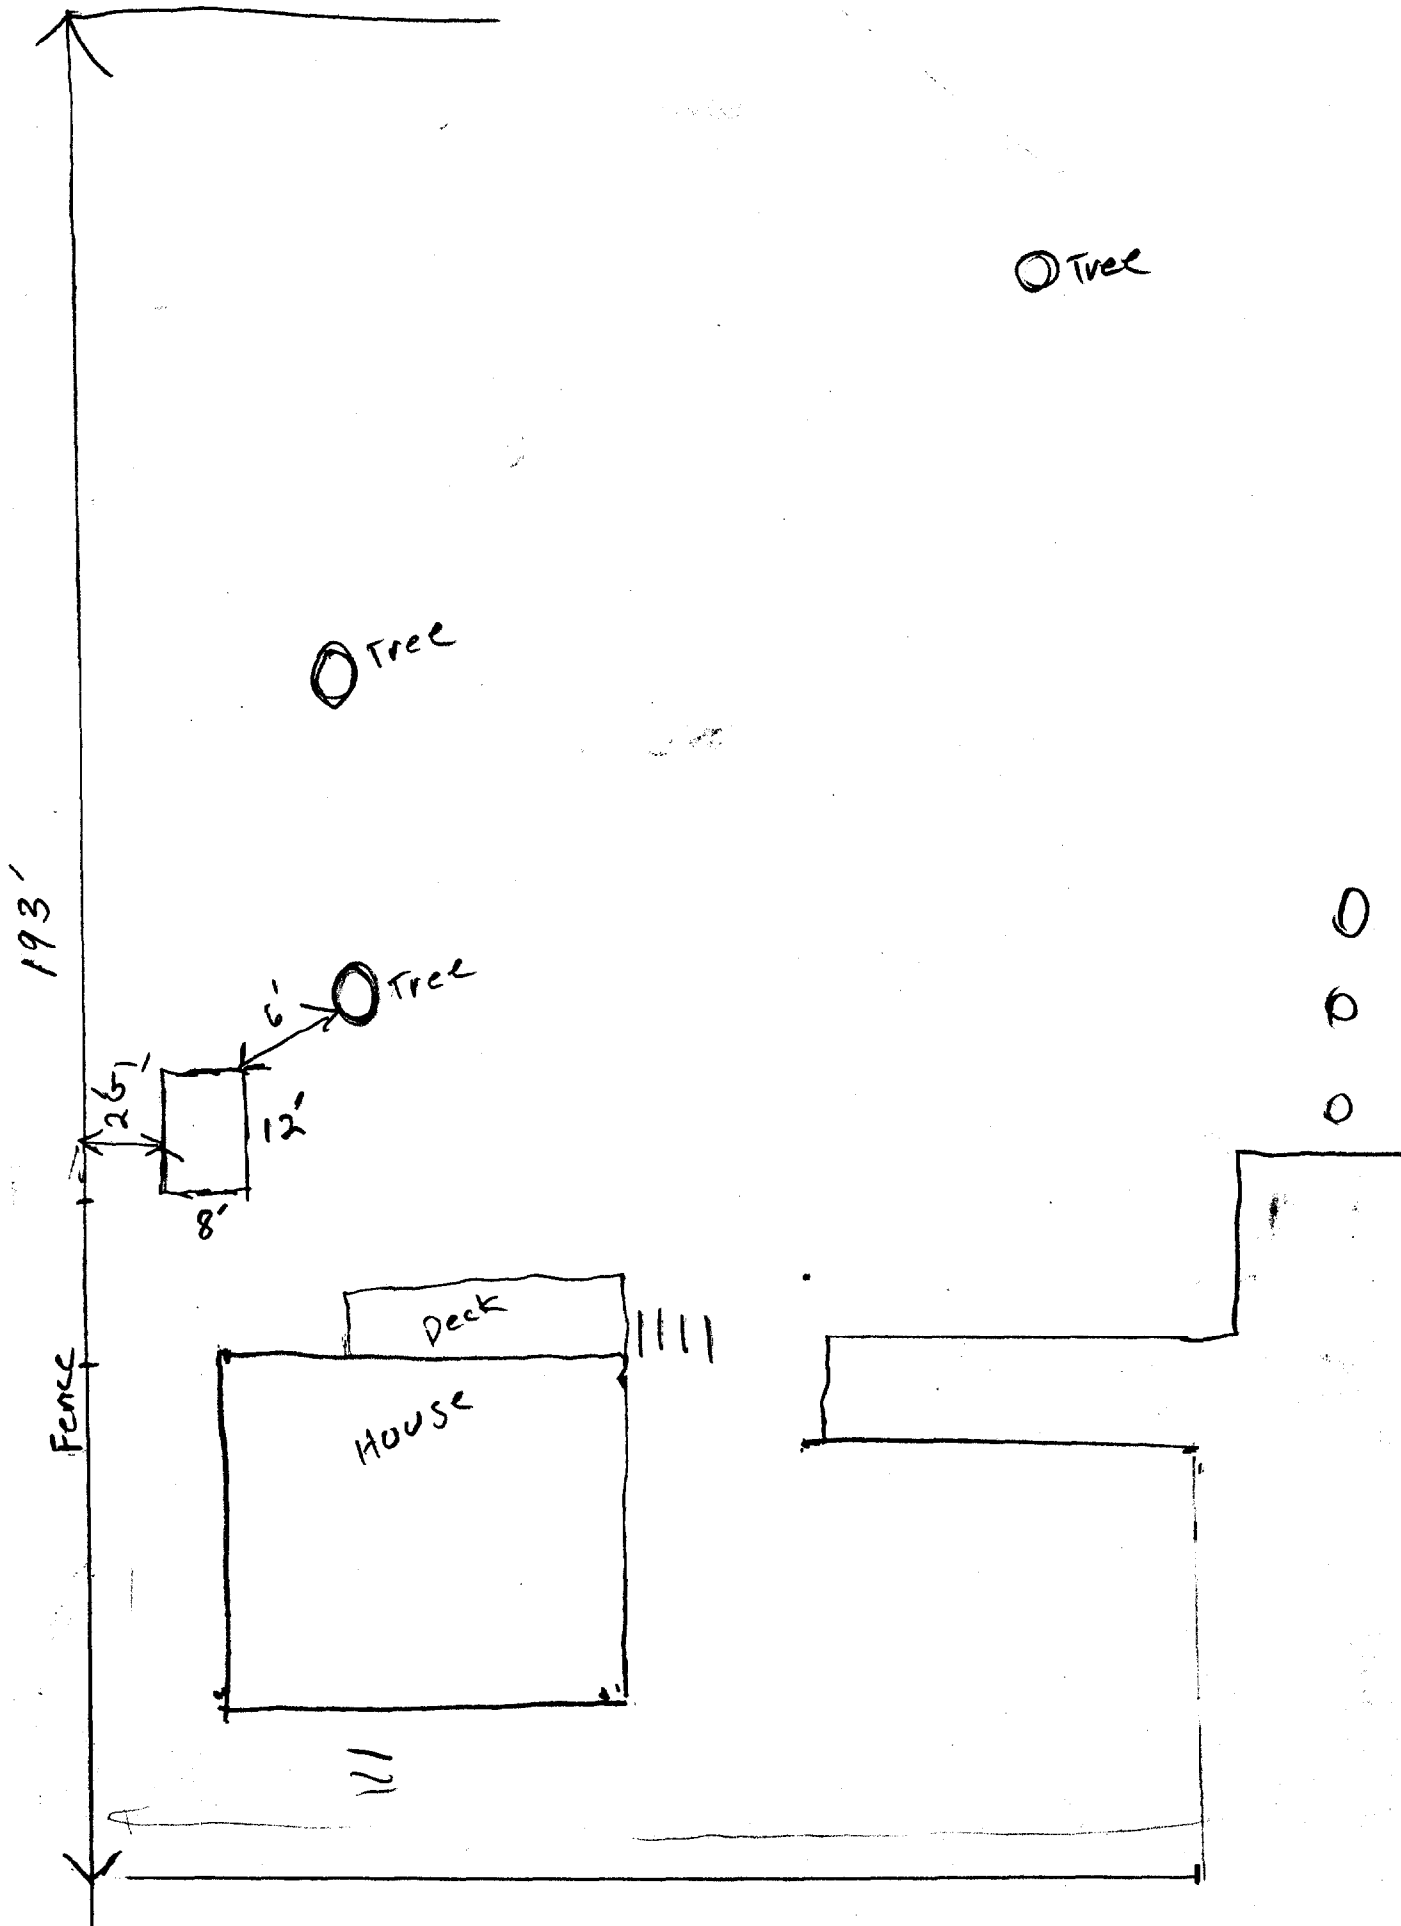

### Windows

- All windows come with flower boxes and shutters
- Wooden sheds come standard with functional windows
- Vinyl sheds come standard with non-functional windows (functional windows available as an option)

### Doors

- 40" double door standard

Note: All shed dimensions are approximate and door and window locations cannot be changed.
