Comments:

7/7/2009-lmd: This permit application was mailed in. It went to the wrong address twice. We received them on June 24, 2009. I contacted Sam (project Mgr) requesting signage square footage. Received information on Friday 7/3/09. Still waiting on payment and 11x17, or PDF for archiving

7/8/2009-amachado: Section 14-369.5, Table 2.6 allows for a maximum cumulative sign area of 150 sf since building faces are less than 150'. It also allows for one sign per facade that faces an abutting street plus one. The proposed signage totals 361 sf and six total signs are proposed, three for each facade facing an abutting street. Sending permit to planning under section 14-368.5(g).

7/15/2009-jmb: Left msg with assistant for Sam H. To call to inform the permit can be issued when payment and pdf or reductions are submitted. Sam called to inform that the check was sent via mail and the pdfs sent via email.
